The Jazz Record Book Charles Edward Smith,1942 **The Jazz Record Book** Charles Edward Smith, Frederic Ramsey (Jr.), Charles Payne Rogers, Bill Russell, 1944 **The Jazz Record Book** Charles Edward Smith, 1942 *Music Video and Transcultural Imaginaries* Kathrin Dreckmann, Christofer Jost, Bastian Schramm, 2025 From their inception music videos have served as an important instrument for depicting collective emotional states cultural affiliations and processes of social change At the beginning of the 21st century the utilization of the music video genre changed with more and more artists using it to address social and political grievances as well as questions of identity Both the decline of music television as a gatekeeper limiting access and participation as well as the rise of social media have contributed significantly to the growth of the critical and subversive but also utopian potential of music videos As a result music videos today offer counter proposals to heteronormativity ableism patriarchy racism and other forms of oppression that not only reach a wider audience but also reflect a broader diversity of lifestyles interests and motivations than was possible during the MTV era This volume explores transcultural imaginaries in music videos from a variety of angles providing a broad overview of approaches to negotiating the cultural in the music video genre both past and present **The Bloomsbury Handbook of Popular Music Video Analysis** Lori A. Burns, Stan Hawkins, 2019-10-17 Music videos promote popular artists in cultural forms that circulate widely across social media networks With the advent of YouTube in 2005 and the proliferation of handheld technologies and social networking sites the music video has become available to millions worldwide and continues to serve as a fertile platform for the debate of issues and themes in popular culture This volume of essays serves as a foundational handbook for the study and interpretation of the popular music video with the specific aim of examining the industry contexts cultural concepts and aesthetic materials that videos rely upon in order to be both intelligible and meaningful Easily accessible to viewers in everyday life music videos offer profound cultural interventions and negotiations while traversing a range of media forms From a variety of unique perspectives the contributors to this volume undertake discussions that open up new avenues for exploring the creative changes and developments in music video production With chapters that address music video authorship distribution cultural representations mediations aesthetics and discourses this study signals a major initiative to provide a deeper understanding of the intersecting and interdisciplinary approaches that are invoked in the analysis of this popular and influential musical form **PJ Harvey and Music Video Performance** Abigail Gardner, 2016-03-09 PJ Harvey's performances are premised on the core contention that she is somehow causing trouble Just how this trouble can be theorised within the context of the music video and what it means for a development of the ways we might conceptualise disruption and think about music video lies at the heart of this book Abigail Gardner mixes feminist theory and critical models from film and video scholarship as a rich means of interrogating Harvey's work and redefining her disruptive strategies The book presents a rethinking of the masquerade that allies it to cultural memory precipitated by Gardner's claim

that Harvey's performances are conversations with the past specifically with visualised memories of archetypes of femininity Harvey's masquerades emerge from her conversations and renegotiations with both national and transatlantic musical visual and lyrical heritages It is the first academic book to present analysis of Harvey's music videos and opens up fresh avenues into exploring what is at stake in the video work of one of Britain's premier singer songwriters It extends the discussion on music video to consider how to make sense of the rapidly developing digital environment in which it now sits The interdisciplinary nature of the book should attract readers from a range of subject areas including popular music studies cultural studies media and communication studies and gender studies
