**The Case for Christianity** Robert M. Haddad, 2010-09-16 This analysis of St Justin's approach in appealing to the Romans functions as both a fascinating historical exploration of what Haddad argues is the work of the founder of effective apologetics and as a sourcebook for study for Christians who must defend their faith just as St Justin's work itself in the second century AD **MERE CHRISTIANITY: The Case for Christianity, Christian Behaviour & Beyond Personality** C. S. Lewis, 2023-12-29 In Mere Christianity C S Lewis artfully distills the essence of the Christian faith into a compelling argument for belief and ethical living The work is structured around a series of radio broadcasts delivered during World War II which adds an immediacy and relevance to his discussion of Christian doctrine morality and the spiritual journey of humankind Lewis employs a lucid and accessible literary style that invites readers into a thoughtful exploration of core Christian beliefs making complex philosophical ideas approachable to a wide audience His examination transcends denominational boundaries seeking common ground amidst diverse Christian traditions and emphasizing the shared moral law and need for a personal relationship with God C S Lewis a renowned novelist and Christian apologist was shaped by his own tumultuous journey from atheism to faith This transformative experience fueled his desire to address the doubts and queries of skeptics A fellow of Magdalen College Oxford Lewis engaged deeply with philosophical discourse and literature reflecting his belief that great storytelling can reveal profound truths about the human condition and God Mere Christianity is an indispensable text for anyone seeking to understand the foundations of Christian belief and its application to daily life Lewis's robust arguments combined with his penetrating insight into human nature encourage readers to reflect on their spiritual journey Whether you are a believer or a seeker this profound work will challenge inspire and ultimately enrich your understanding of Christian faith

Haughey,2006-02-10 The essays in this volume address a closely interconnected set of questions To be true to its mission what function is the Church meant to perform What does the faith of Christians contribute to the human perception of justice What is the theological significance of action undertaken by Christians for political or social transformation Is justice to be looked on as one of the moral virtues that it is incumbent on Christians to practice or has it a more intrinsic link to the gift of faith which Christians have received Does the following of Christ call Christians away from social systems into the new creation or is the call extended to them to concern themselves with the social systems which shape human beings from the Foreword Contributors include Avery Dulles William Dych John Donahue John Langan David Hollenbach Richard Roach William Walsh     Christian Justice and Public Policy Duncan B. Forrester,1997-08-28 Disagreements about justice are not simply academic matters They create problems for practice and for policy making In a morally fragmented society in which nobody knows what justice is issues such as wages policy punishment and poverty become particularly difficult to handle People striving to act justly are often uncertain how this might be done Secular theories such as those of Rawls Hayek Habermas and modern feminist theorists examined here give some guidance for problems of justice that arise on the ground but have serious limitations This book argues that Christian theology although it can no longer claim to provide a comprehensive theory of justice can provide insights into justice theological fragments which give illumination challenge some aspects of the conventional wisdom and contribute to the building of just communities in which people may flourish in mutuality and hope     **The Truth in the Case** Judith Ellen Foster,1889     **The Case Against the Pagans: Sacrifices and ceremonials** Arnobius (of Sicca.),1949     *An Essay on Disestablishment and the Voluntary Principle in Religion* W.
