Research from the Inside Out Thomas Hugh Feeley, 2014-10-10 Designed for advanced undergraduate and graduate courses Research from the Inside Out

is an insider's guide to conducting empirically based research Showcasing eight research projects resulting in academic and professional papers this practical supplementary text is an indispensable resource for those intending to further their academic studies in communication or other related social science disciplines In the text Thomas Hugh Feeley guides students as he looks under the hood of the entire research process including the writing skills needed to present research accurately and convincingly for different audiences Feeley provides real conversations with communication researchers often quoting directly from interviews he conducted with them Showing students and future researchers in communication what they learned during each of the eight exemplary studies the researchers candidly reveal the pitfalls discoveries and synchronicities that can happen when conducting research

Communication Studies Sheila Steinberg, 1999-01-01 The author has drawn on three of her previous publications used at the University of South Africa Unisa to compile An Introduction to Communication Studies Although the theory is based on material used in the USA and other overseas universities South African students will be able to identify with the local comments and examples TV programmes and other mass media political and social experiences referred to in this book Beginner students majoring in Communication Studies as well as those who are studying towards various degrees or qualifications where communication is a prerequisite will find this book useful In addition to interpersonal group and mass communication there is an extensive chapter on public speaking which takes into account that many professionals today have to address their colleagues and business associates in order to succeed in their profession Public speaking in this sense is a skill required by most graduates in any job or profession and the chapter is pitched at these requirements as well as at speaking to larger audiences The book is divided into two parts The first part provides students with a strong foundation of communication while the second focuses on the areas of specialisation within Communication Studies In addition each chapter starts with the learning outcomes and a short overview of the chapter Students may monitor their learning with the summary and test yourself questions at the end of every chapter and the definitions highlighted in the text assist students in their navigation of the terminology Scenarios provide examples of how the theory can be applied in practice This makes for a learner friendly and accessible book which will indeed prove useful to students and professionals alike

Shaping the Future of Education, Communication and Technology Will W. K. Ma, Wendy Wing Lam Chan, Cat Miaoting Cheng, 2019-04-30 This book gathers selected papers from the Hong Kong Association for Educational Communications and Technology 2019 International Conference on the theme of Shaping the Future of Education Communication and Technology It contributes to a scholarly discussion that looks beyond what future media and technology can offer for education and reflects on best practices and lessons learned from applying new media and technology in a wide range of fields Scholars from educational technology communication and higher education share their research work in various formats such as empirical research best practice case studies literature reviews etc The topics of the papers are divided into four main areas including curriculum pedagogy and instructional design teaching and learning

experiences with technology online learning and open education resources and communication and media The book s unique quality is its combination of perspectives and research work on communication education and technology Thus it will encourage an interdisciplinary discourse and exchange concerning communication new media and educational practices
