Studies In Halakhic Aggadic Thought:

The Modes of Thought of Rabbinic Judaism Jacob Neusner,2000 After Revelation Marc Herman,2025-08-05 Reveals how medieval Jews developed religious law through contact with their Muslim neighbors After Revelation is the first study to integrate Jewish legal thought in the medieval Islamic world into its larger environment Here Marc D Herman demonstrates that Jews were fully conversant in their contemporaries ideas about revelation law and legal interpretation Bookended by the two luminaries of medieval Judaism Saadia Gaon and Moses Maimonides After Revelation is a comprehensive analysis of the legal theory that medieval Jews produced in Islamic lands mostly in Arabic and reveals previously unrecognized commonalities between Jewish and Islamic constructions of religious law Herman tackles one of the central doctrines of post biblical Judaism that God had supplemented the written Hebrew Bible with an Oral Torah a claim that remains central to Judaism to this day Following this idea from Baghdad to Kairouan to Cordoba and then to Cairo he shows that the Oral Torah took many new forms in the medieval Islamic world The variegated and fluid presentations of the Oral Torah Herman argues were inexorably embedded in society wide discourses that blithely crossed religious borders He proposes a highly regional perspective on Jewish history in place of the closed communities so often imagined in the histories of Jews and Muslims one that centers contacts with Muslims as much as continuities with earlier Jewish communities He emphasizes too that medieval Judaism is unimaginable without Jewish interactions with Muslims Ultimately After Revelation makes plain that medieval Judaism took the shapes that it did largely because of forces far outside of itself

Comparative Hermeneutics of Rabbinic Judaism, The, Volume Seven Jacob Neusner,2000-01-01 Systematic account of the hermeneutics of comparison and contrast of Rabbinic Judaism

Scepticism and Anti-Scepticism in Medieval Jewish Philosophy and Thought Rachel Haliva,2018-09-24 The series Studies and Texts in Scepticism contains monographs translations and collected essays exploring scepticism in its dual manifestation as a purely philosophical tradition and as a set of sceptical strategies concepts and attitudes in the cultural field especially in religions perhaps most notably in Judaism In such cultural contexts scepticism manifests as a critical attitude towards different dimensions and systems of secular or revealed knowledge and towards religious and political authorities It is not merely an intellectual or theoretical worldview but a critical form of life that expresses itself in such diverse phenomena as religion literature and society Further book series of the Maimonides Centre for Advanced Studies are Jewish Thought Philosophy and Religion and the Yearbook of the Maimonides Centre for Advances Studies

The Aggadic Role in Halakhic Discourse Jacob Neusner,2001 This research report answers the question how and specifically in what passages do the distinct Rabbinic modes of discourse Halakhah and Aggadah intersect How do they make

a statement in common Halakhah is given priority Then where and how does Aggadah play a role in Halakhic discourse What is at stake is the context of thought and expression established by systematic composites compilations of many discrete facts in the service of a coherent argument What is catalogued is the intersection of large aggregates of well composed Aggadic data in a Halakhic composite or of Halakhic ones in an Aggadic setting The upshot is simple The Aggadic documents rarely introduce Halakhic materials in their exposition of Aggadic propositions and the contrary is also the case The exposition of the Halakhic components of the Halakhic documents meaning nearly the entirety of the Mishnah Tosefta and Yerushalmi and the greater part of the Bavli only rarely requires Aggadic complements or supplements Yet while the Aggadic documents rarely resort to Halakhic materials to make the case they wish to set forth in some of the Rabbinic documents of the formative age the presentation of the Halakhah is accompanied by a massive Aggadic component Why and with what outcome The answers to all of these questions are spelled out in this three volume account of the data **Halakhah** Chaim N. Saiman,2020-09-29 How the rabbis of the Talmud transformed Jewish law into a way of thinking and talking about everything Typically translated as Jewish law halakhah is not an easy match for what is usually thought of as law This is because the rabbinic legal system has rarely wielded the political power to enforce its rules nor has it ever been the law of any state Even more idiosyncratically the talmudic rabbis claim the study of halakhah is a holy endeavor that brings a person closer to God a claim no country makes of its law Chaim Saiman traces how generations of rabbis have used concepts forged in talmudic disputation to do the work that other societies assign not only to philosophy political theory theology and ethics but also to art drama and literature Guiding readers across two millennia of richly illuminating perspectives this panoramic book shows how halakhah is not just law but an entire way of thinking being and knowing

Mishnah-Tosefta-Yerushalmi-Bavli to tractate Niddah Jacob Neusner,2001 This research report answers the question how and specifically in what passages do the distinct Rabbinic modes of discourse Halakhah and Aggadah intersect How do they make a statement in common Halakhah is given priority Then where and how does Aggadah play a role in Halakhic discourse What is at stake is the context of thought and expression established by systematic composites compilations of many discrete facts in the service of a coherent argument What is catalogued is the intersection of large aggregates of well composed Aggadic data in a Halakhic composite or of Halakhic ones in an Aggadic setting The upshot is simple The Aggadic documents rarely introduce Halakhic materials in their exposition of Aggadic propositions and the contrary is also the case The exposition of the Halakhic components of the Halakhic documents meaning nearly the entirety of the Mishnah Tosefta and Yerushalmi and the greater part of the Bavli only rarely requires Aggadic complements or supplements Yet while the Aggadic documents rarely resort to Halakhic materials to make the case they wish to set forth in some of the Rabbinic documents of the formative age the presentation of the Halakhah is accompanied by a massive Aggadic component Why and

with what outcome The answers to all of these questions are spelled out in this three volume account of the data The Unity of Rabbinic Discourse: Halakhah in the aggadah Jacob Neusner,2001 Viewed as ideal types the Halakhah defines the norm setting forth what is obligatory the Aggadah specifies what exceeds the norm and goes beyond the measure of the law The striking differences of style and substance that differentiate the two categories of discourse present the question of how they intersect in a single coherent statement a system that holds together its two distinct media of thought and expression When we have in hand systematic data on how Aggadah contributes to the Halakhah and where Halakhah serves the purposes of the Aggadah we find possible the logical next step where do the two intersect and at what points do the respective complexes of category formations stand autonomous of one another and that leads to the question how do Aggadah and Halakhah constitute a coherent religious structure and make in common a single systemic statement Where within the formative literature of Normative Judaism they join together what affect the one exercises upon the other and how the whole Rabbinic Judaism exceeds and transcends the sum of the parts the Halakhah the Aggadah is spelled out The Aggadic Role in Halakhic Discourse: The Mishnah-Tosefta-Yerushalmi-Bavli to the division of damages and to tractate Niddah. categories of writing define themselves the book sets forth three exercises of comparison and contrast The upshot is this Rabbinic Judaism defines the practical norms in belief and behavior of the community that undertakes responsibility in that labor For doctrine the Aggadah explores the dialectic of that generative conviction and the logic inherent in it For deed the Halakhah focuses upon the consequent relationships within the contemplated social order generated by that same dialect

Collected Essays on Philosophy and on Judaism Marvin Fox,2003-05-08 The three volumes of Collected Essays on Philosophy and on Judaism by Marvin Fox former President of the Association of Jewish Studies present Fox s thoughts on the relationship between Judaism and Philosophy Coverage in volume one is Greek Philosophy and Maimonides In volume two Fox covers a variety of works and ideas of well known philosophers such as Tillich and Kierkegaard These select essays offer to a new generation of scholars of Jewish thought and Philosophy an important introduction to the field

The Unity of Rabbinic Discourse: Halakhah and aggadah in concert Jacob Neusner,2001 Viewed as ideal types the Halakhah defines the norm setting forth what is obligatory the Aggadah specifies what exceeds the norm and goes beyond the measure of the law The striking differences of style and substance that differentiate the two categories of discourse present the question of how they intersect in a single coherent
