Christian Worship, Its Origin and Evolution Louis Duchesne, 2017-10-26 Excerpt from Christian Worship Its Origin and Evolution A Study of the Latin Liturgy Up to the Time of Charlemagne It is however specially to the Roman Liturgy that I have directed my researches Its history is clearly more interesting to us than that of any other since for centuries it has been the only liturgy of the West Although I have not hesitated when I found it possible to go back earlier than the fourth century I have however for the most part confined myself to a less remote chronological period Attention might be called to very interesting liturgical facts in documents anterior to the time of Constantine but they are isolated facts and the documents are few and rarely explicit In researches into this period conjecture has to play too large a part and it is more profitable therefore to concentrate attention on a somewhat later date where both trustworthy and abundant material is forthcoming About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art
