[Book]* , 2007 Study Speaking is for intermediate level and above students who need to speak English in connection with their academic work It is intended primarily for use on language programmes preparing learners of English for study at university or college The course is designed to improve students speaking skills by activating and extending their linguistic competence increasing their confidence in using spoken English developing their ability to analyse and evaluate spoken performance sharpening their strategic competence in face to face interaction Publisher      □□ Tony Lynch, 2001

**Study Speaking** Tony Lynch, 2000      **Study speaking : a course in spoken English for academic purposes.**  
**[Audio-CD]** Kenneth Anderson, Joan Maclean, Tony Lynch, 2004      *Linguistic Approaches in English for Academic Purposes* Milada Walková, 2023-12-14 This edited volume brings together researchers and practitioners who work in various linguistic frameworks and EAP contexts with contributions from Australia Canada New Zealand Singapore Sweden UAE the UK Ukraine and the USA It extends existing linguistic research further by applying theories and approaches and by investigating genres that have received little attention in EAP so far such as Complex Dynamic Systems Theory Grice s Cooperative Principle and the article comments and university seminar genres amongst others The volume provides linguistic description of both student and expert genres and provides clear pedagogical implications in the form of teaching recommendations suggested teaching activities evaluation of teaching materials or a practical methodological approach Overall by focusing on new areas of linguistic research in EAP the volume enhances teaching practice and inspires further research and scholarship

*English Language Learning Materials* Brian Tomlinson, 2008-03-17 This research collection presents a critical review of the materials used for learning English around the world The first section includes a discussion of materials for specific learners and purposes such as young learners self study academic writing and general proficiency The second section presents a detailed study of the materials used in Europe Asia North America South America Africa and Australia and critically evaluates their effectiveness in the teaching of English to speakers of other languages Taking both the teacher s and the learner s needs into consideration the book makes a positive contribution to the future of research in materials development and has practical applications This comprehensive critical analysis of materials in use around the world will be useful for academics researching materials development and applied linguistics and for students on post graduate applied linguistics and ELT courses      Flipping Academic English Language Learning Erik Voss, Ilka Kostka, 2019-06-17 This book draws on theory research and practice oriented literature to offer an introduction to flipped learning and offer busy instructors advice on how to flip their academic English language courses The chapters balance theoretical foundations

practical applications and useful resources for developing materials The first half of this book defines flipped learning and academic English describes how it supports English language learning and explains the role of technology as well as issues with accountability and feedback The second half of the book then makes connections between the theoretical issues presented in the first three chapters and the practical applications in the following chapters which provide lesson descriptions and assessment ideas for language learning contexts with or without access to technology The book concludes with a list of tools and technologies for developing materials and activities as well as additional resources for professional development and further exploration of flipped English language learning      *Corpora in ESP/EAP Writing Instruction*

Maggie Charles, Ana Frankenberg-Garcia, 2021-03-29 This collection showcases the latest innovations in research on the application of corpora and corpus based methods in ESP EAP writing instruction and the many ways in which corpora can be successfully and practically integrated in ESP EAP programmes While previous work has discussed the successful use of corpora in teaching writing in the areas of ESP EAP this book is the first of its kind to bring the most up to date research on the topic together in one place The volume s unique structure mirrors the key stages of the writing instruction process from preparation to exploitation to analysis The book begins by showing how corpora can be used to prepare materials moving into an exploration of how students in ESP EAP programmes use corpora in practice before bringing the discussion full circle to the ways in which corpus based approaches might be implemented to analyse ESP EAP student writing This approach presents readers with insights into how corpora can be effectively integrated into ESP EAP writing instruction at every step of the process and opens the way for future areas of study This book will be of particular interest to students and researchers in applied corpus linguistics English for Specific Purposes and English for Academic Purposes as well as active practitioners in ESP EAP writing instruction      **English for Academic Purposes** R.
