**Liberating Voices** Gayl Jones, 1991 The powerful novelist here turns penetrating critic giving us ein lively style eboth trenchant literary analysis and fresh insight on the art of writing eoeWhen African American writers began to trust the literary possibilities of their own verbal and musical creations e writes Gayl Jones they began to transform the European and European American models and to gain greater artistic sovereignty e The vitality of African American literature derives from its incorporation of traditional oral forms folktales riddles idiom jazz rhythms spirituals and blues Jones traces the development of this literature as African American writers celebrating their oral heritage developed distinctive literary forms The twentieth century saw a new confidence and deliberateness in African American work the move from surface use of dialect to articulation of a genuine black voice the move from blacks portrayed for a white audience to characterization relieved of the need to justify Innovative writing esuch as Charles Waddell Chesnutt e tm s depiction of black folk culture Langston Hughes e tm s poetic use of blues and Amiri Baraka e tm s recreation of the short story as a jazz piece eredefined Western literary tradition For Jones literary technique is never far removed from its social and political implications She documents how literary form is inherently and intensely national and shows how the European monopoly on acceptable forms for literary art stifled American writers both black and white Jones is especially eloquent in describing the dilemma of the African American writers to write from their roots yet retain a universal voice to merge the power and fluidity of oral tradition with the structure needed for written presentation With this work Gayl Jones has added a new dimension to African American literary history

*Speaking in Tongues and Dancing Diaspora* Mae G. Henderson, 2014-05-07 The oral tradition has always played an important role in African American literature ranging from works such as Zora Neale Hurston s *Their Eyes*

Were Watching God to Toni Morrison's Beloved. These and countless other novels affirm the power of sonance and sound in the African American literary canon. Considering the wide swath of work in this powerful lineage in addition to its shared heritage with performance, Mae G. Henderson deploys her trope of speaking in tongues to theorize the preeminence of voice and narration in black women's literary performance through her reconstruction of a fundamentally spiritual practice as a critical concept for reading black women's writing dialogically and intertextually. The first half of the book is devoted to influential works of fiction as Henderson offers a series of spirited attentive readings of works by Zora Neale Hurston, Alice Walker, Sherley Anne Williams, Toni Morrison, Gayl Jones, and Nella Larsen. The second half shifts gears to consider the world of female African American performance, most notably in the figures of Josephine Baker and the video dancer. Drawing on the trope of dancing diaspora, Henderson proposes a model of theorizing based on performing testimony and critical witnessing. Throughout the book, Henderson draws on a history of black women not only in the Pentecostal Holiness Church but also within the traditions of classical Christian African and black diasporic spirituality and performance. Ultimately, *Speaking in Tongues and Dancing Diaspora* provides a deeply felt reflection on race and gender and their effects within the discourses of speaker, listener, and audience performer.

*The Cambridge History of African American Literature*, Maryemma Graham, Jerry Washington Ward, 2011-02-03. A major new history of the literary traditions oral and print of African descended peoples in the United States.

**Masterplots Two**, Tyrone Williams, 2009. Williams, Xavier U. presents 367 three to four page essays, 101 commissioned new for this edition, on significant African American works of literature from Afrocentricity. The Theory of Social Change, a work of cultural criticism by Molefi K. Asante to *Zami: A New Spelling of My Name*, the biomythography of Audre Lorde. The works covered range from early colonial era writings through works of the beginning of the 21st century. Most of the essays address a single long work, while others review an author's work in a certain genre such as short fiction, poetry, essays, or speeches. Each entry begins with information on title, subtitle, author's name, and birth/death dates, type of work, date of first publication, and production. For fiction, information is also presented on type of plot, setting, and principal characters. The essays then describe events or contents of the work and address broad themes and meanings connected to the work. Essays on fiction works include discussion of main character or characters, while nonfiction work includes sections on form and content and analysis. All essays end with discussion of critical context. Also included with the essays are annotated bibliographies on secondary sources. The final volume includes indexes organized by type of work, title, and authors. Examples of works covered in addition to the two already mentioned include *Ain't I a Woman* by bell hooks, *The Autobiography of Malcolm X* by Malcolm X, *Babel 17* by Samuel R. Delany, *The Black Muslims in America* by C. Eric Lincoln, *The Content of Our Character* by Shelby Steele, *Kindred* by Octavia E. Butler, *Roots* by Alex Haley, *The Signifying Monkey* by Henry Louis Gates, *Up from Slavery* by Booker T. Washington, and *Walkin' the Dog* by Walter Mosley.
