Victorian bustle Lee traces the role of fashion through the ages taking us from the dawn of ready to wear in 1865 to the modern trend cycles that incite us to clamor after leg warmers bumster trousers and Manolo Blahniks She details the birth of Speed Chic the hamster wheel of style that keeps us stuck in an endless cycle of consumption and has become the crack cocaine of fashion providing us with a temporary high until we spot the next trend and reach for our wallets She also explores the phenomenon of McFashion the uncanny proliferation of retailers like the Gap and Old Navy that are creeping into every town in America and stripping us and the designers they knock off of individuality and innovation And she ultimately probes the human cost of fashion s decadence including the distorted perceptions of beauty fueled by high end designers the dangers of dry cleaning and the ugly financial disparity between those who make the clothes and those who buy them An unprecedented look behind the runway at the forces and personalities driving this 200 billion dollar industry Fashion Victim is a stylish provocative and highly entertaining contribution to the analysis of American popular culture
