Mechanical Engineer's Reference Book

Edward H. Smith, 2013-09-24

Mechanical Engineer's Reference Book 12th Edition is a 19 chapter text that covers the basic principles of mechanical engineering The first chapters discuss the principles of mechanical engineering electrical and electronics microprocessors instrumentation and control The succeeding chapters deal with the applications of computers and computer integrated engineering systems the design standards and materials properties and selection Considerable chapters are devoted to other basic knowledge in mechanical engineering including solid mechanics tribology power units and transmission fuels and combustion and alternative energy sources The remaining chapters explore other engineering fields related to mechanical engineering including nuclear offshore and plant engineering These chapters also cover the topics of manufacturing methods engineering mathematics health and safety and units of measurements This book will be of great value to mechanical engineers

The Repair of Vehicle Bodies, 6th ed

Andrew Livesey, A Robinson, 2013-02-11

This book covers the principles and techniques that will help you develop the skills needed to carry out effective vehicle body repair and re-finishing This edition has been updated to deal with changes in technology and best practice and meets the current Automotive Skills standards It also covers the topics studied at NVQ levels 2 and 3 and contains handy revision notes making it an ideal text for students on the following courses Automotive Skills Council Vehicle Body and Paint Operations requirements IMI Body Repair and Refinishing Technical Certificates VRQs National Vocational Qualifications NVQs City Guilds Vehicle Body Repair Competence courses NVQ and Progression Awards of both City Guilds and the Institute of the Motor Industry at levels 2 and 3 Professionals and hobbyists will continue to find this an essential manual for the workshop when repairing the latest models or classic cars Other books by Andrew Livesey Basic Motorsport Engineering
