Tale Of The Unknown Island:

The Tale of the Unknown Island José Saramago, 2011-11-30 A man went to knock at the king's door and said Give me a boat The king's house had many other doors but this was the door for favours favours being offered to the king you understand whenever he heard someone knocking on the door for petitions he would pretend not to hear Why the petitioner required a boat where he was bound for and who volunteered to crew for him and what cargo it was found to be carrying the reader will discover as this short narrative unfolds And at the end it will be clear that what might appear to be a children's fable is in fact a wry witty Philosophical Tale that would not have displeased Voltaire or Swift

Saramago, 2001 For many decades José Saramago has been a staunch defender of the role of literature to both serve and be perceived as public discourse When in October 1998 he became the first Portuguese language author to be awarded the Nobel Prize for Literature his conviction was supported by the assurance that at any rate this particular writer's literary discourse was guaranteed to be widely and globally publicized If as Wlad Godzich has claimed the severely limited possibility of public discourse in the contemporary world is compensated by the ever multiplying variety of ways to publicize discourses Workshop Saramago has taken full advantage of the opportunities offered in this respect by the Nobel prize as probably the most effective institutionalized instrument of publicity that high literary discourse which is produced worldwide has at its annual disposal His international visibility greatly amplified Saramago could be seen in the last two years shuttling the globe and making globally publicized statements on behalf of the many political causes that have attracted his attention and support Publisher's description **Tales from Irving** Washington Irving, 1888 **After Five Years in India, Or, Life and**
