

Taking A Part

John McClintock, James Strong

Taking A Part:

Taking Part in Democracy Peter Krapf, Rolf Gollob, Wiltrud Weidinger, 2010-01-01 This is a manual for teachers in Education for Democratic Citizenship EDC and Human Rights Education HRE EDC HRE textbook editors and curriculum developers Nine teaching units of approximately four lessons each focus on key concepts of EDC HRE The lesson plans give step by step instructions and include student handouts and background information for teachers In this way the manual is suitable for trainees or beginners in the teaching profession and teachers who are receiving in service teacher training in EDC HRE Experienced teachers may draw on the ideas and materials The complete manual provides a full school year's curriculum for students in upper secondary school grades 10 to 12 but as each unit is also complete in itself the manual allows great flexibility of use The objective of EDC HRE is the active citizen who is willing and able to participate in the democratic community Therefore EDC HRE strongly emphasises action and task based learning This manual for upper secondary level focuses on key competences that enable young people to participate in democratic decision making and to meet the challenges of a dynamic pluralist society Key concepts of EDC HRE are taught as tools of lifelong learning **The Part Taken by Essex County in the Organization and Settlement of the Northwest Territory** Essex Institute, 1889

Research Methods and Statistics Ian Walker, 2017-09-16 How do you design a research project What is the difference in method between qualitative and quantitative research How should psychologists go about considering the ethics of research methodology For the students who ask questions this concise text provides an informative introduction to the methods of psychological research offering an overview of the primary stages in research From learning how to construct the initial aims and criterion of a study to presenting the final resulting data into tables and graphs this book aims to guide psychologists through the tools that make psychological research and the understanding of its resulting data possible Written with enthusiasm and lucidity Walker guides readers through the appropriate methods for undertaking research explaining the discerning features of the core types of research the primary measurements of statistics such as the chi squared t and Mann Whitney U tests and brings an apt consideration of what makes a psychological study ethical Whether desiring to learn about how to empirically record and measure the psychological experience of an individual or the behavioural factors of an entire population *Research Methods and Statistics* is the introductory short text for learning how to undertake successful research This title stands as part of the Insights series edited by Nigel Holt and Rob Lewis containing versatile quick guides to the cornerstone theories main topics and theoretical perspectives of their subjects and are useful for pre undergraduate students looking to find incisive introductions to subjects that they may be considering for undergraduate study or those looking for helpful preparatory reading for undergraduate modules in the prospective subject Also useful for undergraduate psychology students who feel that they could benefit from some background reading in this often less understood area of psychology

Choosing a Mother Tongue Corinne A. Seals, 2019-10-11 This book presents a sociocultural linguistic analysis of

discourses of conflict as well as an examination of how linguistic identity is embodied negotiated and realized during a time of war It provides new insights regarding multilingualism among Ukrainians in Ukraine and in the diaspora of New Zealand the US and Canada and sheds light on the impact of the Russian Ukrainian war on language attitudes among Ukrainians around the world Crucially it features an analysis of a new movement in Ukraine that developed during the course of the war changing your mother tongue which embodies what it is to renegotiate linguistic identity It will be of value to researchers faculty and students in the areas of linguistics Slavic studies history politics anthropology sociology and international affairs as well as those interested in Ukrainian affairs more generally This book is open access under a CC BY NC ND licence
