This book will be a source of useful data for managers of SMEs and owners and provide them with information about the practices and methods concerning the acquisition, development, and retention of talented employees who may contribute to the success of SMEs and the execution of business strategies. Talent Management Agenda in a Post Covid-19 World Adebayo Akinloye,2020-05-29 Is everyone in the organisation a talent I addressed this question deeply in the book and the thinking behind the difference relative to the organisation In the talent management context we consider talent from the viewpoint of what the core essence of the organisation is in relation to specific mission critical individuals whose value add directly help the organisation to achieve its core essence What could be more important than focussing on the attraction selection proper segmentation development and retention of the top talent Invariably a talent is that individual whose contributions directly help to achieve the core objective of the organisation or business either now or in the future or both Consequently every proactive activity which is required or channelled towards improving the contributions or managing the risks relating to key organisational roles and individuals regarded as talent could be termed talent management In simple term talent management is a proactive risk mitigation process that is particularly related to the human capital and geared towards ensuring continuous sustainability of the business Accordingly the content of this book Talent Management Agenda in A Post COVID 19 World focuses on talent and
