Charley D. Hardwick

The Christian Existentialist:

The Christian Existentialist Bernhard Häring, 1968-03 *Studies in Christian Existentialism* John Macquarrie, 1966

More than any other modern philosophical movement existentialism has had a profound effect on the course of contemporary theology Bultmann Tillich and Barth have worked out their theological positions in response to or in dialogue with existential philosophy As its title implies this book is a collection of essays organized around a single theme One of the foremost examines the foundations and implications of this important movement In developing the existential approach to theology the author examines most of the major contemporary themes demythologizing the problem of the historical Jesus the challenge of logical positivism as they are stated by such modern philosophers and theologians as Heidegger Sartre Bultmann A J Ayer Teilhard de Chardin and Karl Rahner Publisher **Christianity and Existentialism** William A. Earle, William Earle, James M. Edie, John Wild, 1963 Heidegger Sartre and the later existentialist philosophers inherited a world it has been said from which God is absent Contemporary philosophy begins in the momentous questioning of the Christian experience by such nineteenth century figures as Nietzsche and Dostoyevsky But if existentialism is in some respects a beginning again it is in other respects linked to the classical world out of which Christianity arose and to certain themes in the writings of ancient and medieval Christians Renewal and innovation converge Addressing themselves to the general reader the three author philosophers consider both the contemporary and the perennial Book jacket **Unamuno, Berdyaev, Marcel** C. A. Longhurst, 2021-10-01 This book seeks to examine the mutual interplay between existentialism and Christian belief as seen through the work of three existentialist thinkers who were also committed Christians a Spaniard Miguel de Unamuno a Russian Nikolai Berdyaev and a Frenchman Gabriel Marcel They are compared with each other and with leading non religious existentialists The major themes studied include reason freedom the self belief hope love suffering and immortality

The Christian Existentialist; the Philosophy and Theology of Self-fulfillment in Modern Society Bernhard Häring, 1968 Personalism and existentialism integrate essential values of our common Christian and humanitarian tradition The personalism that confronts the reader is a dispassionate pondering over the shocking events of our age It tries to discover the human experience It is intended as a challenge and an appeal to modern man to care for the wholeness of the human person and the meaningfulness and integrity of interpersonal relationships **Christianity and the Existentialists** Carl Michalsen, 1956 The chapters included in this volume were delivered in their original form as public lectures in Craig Chapel of Drew University during the academic year 1953-54 They comprise the fifteenth series of lectures to Christian Biography on a foundation established by President and Mrs Ezra Squier Tipple The selection of the participants in the lectureship followed easily upon the choice of the subject The lecturers were assembled under a commission entitled The Challenge of Christian Existentialism The major motive in this title is clear A cultural movement which is exercising so great an influence upon the reformulation of Christian thought deserves to be appraised Preface *Existentialism and Christian Belief* Milton D.

Hunnex,1969 The Christian Existentialist Bernhard Häring,1969 The Existentialist Posture Roger Lincoln Shinn,2012-04-01 **Existential Theology** Hue Woodson,2020-09-29 Existential Theology An Introduction offers a formalized and comprehensive examination of the field of existential theology in order to distinguish it as a unique field of study and view it as a measured synthesis of the concerns of Christian existentialism Christian humanism and Christian philosophy with the preoccupations of proper existentialism and a series of unfolding themes from Augustine to Kierkegaard To do this Existential Theology attends to the field through the exploration of genres the European traditions in French Russian and German schools of thought counter traditions in liberation feminist and womanist approaches and postmodern traditions located in anthropological political and ethical approaches While the cultural contexts inform how each of the selected philosopher theologians present genres of existential theology other unique genres are examined in theoretical and philosophical contexts particularly through a selected set of theologians philosophers thinkers and theorists that are not generally categorized theologically By assessing existential theology through how it manifests itself in genres this book brings together lesser known figures well known thinkers and figures that are not generally viewed as existential theologians to form a focused understanding of the question of the meaning of existential theology and what existential theology looks like in its varying forms **An Existentialist Theology** John Macquarrie,1973 To Be or Not To Be David Moffett-Moore,2017-11-27 Existentialism is a philosophical school of thought unique in being based on feeling and experience rather than on the traditional foundations of philosophy Many of its proponents have been atheists or can be considered opponents of religion With this history can there be such a thing as a Christian existentialism Dr David Moffett Moore believes there can be In this book he outlines the basics of existentialist thought and a path to a Christian existentialist viewpoint *Monotheism and Existentialism* Deborah Casewell,2022-04-14 Existentialism is often seen and at times parodied as the philosophy of individuality authenticity despair and defiance in a godless world However it cannot be understood without reference to religion and in particular the monotheism of Christianity Even the existentialist slogan existence precedes essence is formulated in relation to monotheism This Element will show that monotheism and existentialism are intertwined they react to each other and share content and concerns This Element will set out a genealogy of existentialist thought explore key atheistic and theistic existentialists and argue that there are productive conversations to be had as regards key concepts such as freedom and authenticity relationality and ethics **The Religious Existentialists and the Redemption of Feeling** Anthony Malagon,Abi Doukhan,2019-06-27 Traditional philosophizing has generally depended upon reason as its primary access to truth Subjective experiences such as feelings the passions and emotions have typically been viewed as secondary to reason untrustworthy or both The Religious Existentialists and the Redemption of Feeling revisits how the movement of existentialism via the religious existentialists has contributed to a rethinking of the role of subjective experience in contrast to the rationalist and idealist traditions thus reframing the importance of feelings in

general for the philosophical enterprise as a whole Through the considerations of a variety of thinkers this collection provides a fresh look at the contributions of twentieth century existentialists thereby re contextualizing the very notion of existentialism offering a powerful and genuine re evaluation of the significance of subjectivity and underscoring the continued relevance of the religious existentialists *Elements of the Existentialist Philosophy in the Theatre of the Absurd* Clyde G. Smallwood,1966 *Events of Grace* Charley D. Hardwick,1996-03-29 In the liberal theological tradition dating from Schleiermacher Events of Grace first published in 1996 demonstrates that the Christian faith can be fully compatible with a scientific world view Religion and God must be understood valuationally not ontologically which permits an existentialist account of faith entirely in terms of modes of existing Hardwick weds Bultmann s demythologizing programme to Wieman s naturalistic concept of God as creative transformation Defending a strong doctrine of justification by faith he shows how both God and the knowledge of God can be conceived in terms of events of grace that transform possibilities of existence toward openness to the future Events of Grace gives a complete existential and naturalistic account of sin faith God the knowledge of God Christology and the eschatological symbols that articulate Christian hope in the encounter with suffering and death *Studies in Christian Existentialism* John Macquarrie,1966 **Christianity and Existentialism** William A.
