Rist, 1978 In this collection of thirteen essays all especially commissioned for the present volume an international group of philosophers offer to a wider philosophical public an up to date exposition and analysis of the principal philosophical problems that concerned the Stoics      **Hypothetical Syllogistic and Stoic Logic** Anthony Speca, 2016-06-21 This volume traces the development of Aristotle's hypothetical syllogistic through antiquity and shows for the first time how it later became misidentified with the logic of the rival Stoic school By charting the origins of this error the book illuminates elements of Aristotelian logic that have been obscured for almost two thousand years and raises important issues concerning the distinctive roles of semantic and syntactic analysis in theories of logical consequence The first chapters of the book deal with the original Aristotelian hypothetical syllogistic and explain how Aristotle's later followers began to conflate it with Stoic logic The final chapters examine in detail the two most crucial surviving treatments of the subject Boethius's *On hypothetical syllogisms* and *On Cicero's Topics* which carried this conflation into the Middle Ages      **Stoicism** John Sellars, 2006 Stoicism needs a new work of this kind Sellars not only takes good account of the last thirty years of research he also has much of his own to contribute I particularly applaud his focus on Epictetus and on Stoicism as an art of life A A Long author of *Stoic Studies*      **Hypothetical Syllogistic and Stoic Logic** A. N. Speca, 2001 This book uncovers and examines the confusion in antiquity between Aristotle's hypothetical syllogistic and Stoic logic and offers a fresh perspective on the development of Aristotelian logic through to the early Middle Ages      **The Stoic Tradition from Antiquity to the Early Middle Ages** Marcía L. Colish, 1990      **On the Origin of Syntactical Description in Stoic Logic** Anneli Luhtala, 2000      **The Stoics, Epicureans, and Sceptics** Eduard Zeller, 1880      **The Stoic Creed** William Leslie Davidson, 1907 The Stoic Creed by William Leslie Davidson first published in 1907 is a rare manuscript the original residing in one of the great libraries of the world This book is a reproduction of that original which has been scanned and cleaned by state of the art publishing tools for better readability and enhanced appreciation Restoration Editors mission is to bring long out of print manuscripts back to life Some smudges annotations or unclear text may still exist due to permanent damage to the original work We believe the literary significance of the text justifies offering this reproduction allowing a new

generation to appreciate it      **Ecclesiastes** Thomas Tyler,1874      **A History of Western Philosophy** Ralph M. McNerny,Aloysius Robert Caponigri,1963      Hellenistic Philosophy: Stoics, Epicureans, Sceptics A. A. Long,1974
