

David M. Glantz

**RED STORM
OVER THE
BALKANS**

**The Failed Soviet Invasion of
Romania, Spring 1944**

Storm Over The Balkans

Latif Adrovic

Storm Over The Balkans:

Red Storm over the Balkans David M. Glantz, 2025-03-11 Germany's Eastern Front in World War II saw many campaigns and battles that have been forgotten by a Soviet Union that tried to hide its military failures. The Red Army's invasion of Romania in April and May 1944 was one such campaign which produced nearly 200 000 casualties and tarnished the reputations of its commanders. The redoubtable David Glantz, the world's leading authority on the Soviet military in World War II, now restores this tale to its proper place in the annals of World War II. Working from newly available Russian and long-neglected German archives plus Red Army unit histories and commanders' memoirs, Glantz reconstructs an imposing mosaic that reveals the immense scope and ambitious intent of the first Iasi-Kishinev offensive. His re-creation shows that Stalin was not as preoccupied with a direct route to Berlin as he was with a broad front strategy designed to gain territory and find vulnerable points in Germany's extended lines of defense. If successful, the invasion would have also eliminated Romania as Germany's ally, cut off the vital Ploiesti oilfields, and provided a base from which to consolidate Soviet power throughout the Balkans. Glantz traces the 2nd Ukrainian Front's offensive along the Tîrgu Frumos-Iasi and Dnestr River axes and the 3rd Ukrainian Front's simultaneous advance to the Dnestr River and dramatic struggle to seize bridgeheads across the river and capture Kishinev. He discloses General Ivan Konev's strategic plan as the 2nd Ukrainian Front prepared its Iasi offensive and fought a climactic battle with the German Eighth Army and its Romanian allies in the Tîrgu Frumos region in early May, then the regrouping of General Rodion Malinovsky's 3rd Ukrainian Front for its decisive offensive toward Kishinev, which aborted in the face of a skillful counterstroke by a threadbare German Sixth Army. Glantz describes how the Wehrmacht, with a nucleus of survived combat veterans, was able to beat back Soviet forces hampered by spring floods while already fragile. Soviet logistical support was further undermined by the Wehrmacht's scorched earth strategy. Although Konev's and Malinovsky's offensives ultimately failed, the Red Army managed to inflict heavy losses on Axis forces, exacerbating the effects of Germany's defeats in the Ukraine and making it more difficult for the Wehrmacht to contain the Soviet juggernaut's ultimate advance toward Berlin. By re-creating this forgotten offensive, Glantz commemorates a rich and important chapter in the history of a war that brought down the German Army and reshaped the map of Europe.

Why Germany Nearly Won

Why Germany Nearly Won: A New History of the Second World War in Europe Steven D. Mercatante, 2012-01-16 This book offers a unique perspective for understanding how and why the Second World War in Europe ended as it did and why Germany, in attacking the Soviet Union, came far closer to winning the war than is often perceived. *Why Germany Nearly Won: A New History of the Second World War in Europe* challenges this conventional wisdom in highlighting how the re-establishment of the traditional German art of war, updated to accommodate new weapons systems, paved the way for Germany to forge a considerable military edge over its much larger potential rivals by playing to its qualitative strengths as a continental power. Ironically, these methodologies also created and exacerbated internal contradictions that undermined the same war machine and left it vulnerable to enemies with the capacity to adapt and build.

on potent military traditions of their own The book begins by examining topics such as the methods by which the German economy and military prepared for war the German military establishment's formidable strengths and its weaknesses The book then takes an entirely new perspective on explaining the Second World War in Europe It demonstrates how Germany through its invasion of the Soviet Union came within a whisker of cementing a European based empire that would have allowed the Third Reich to challenge the Anglo American alliance for global hegemony an outcome that by commonly cited measures of military potential Germany never should have had even a remote chance of accomplishing The book's last section explores the final year of the war and addresses how Germany was able to hang on against the world's most powerful nations working in concert to engineer its defeat **Storm Over the Balkans** Latif Adrovic,1995 **Serbia and the Balkan Front, 1914** James Lyon,2015-07-30 Winner of the 2015 Norman B Tomlinson Jr Book Prize Serbia and the Balkan

Front 1914 is the first history of the Great War to address in depth the crucial events of 1914 as they played out on the Balkan Front James Lyon demonstrates how blame for the war's outbreak can be placed squarely on Austria Hungary's expansionist plans and internal political tensions Serbian nationalism South Slav aspirations the unresolved Eastern Question and a political assassination sponsored by renegade elements within Serbia's security services In doing so he portrays the background and events of the Sarajevo Assassination and the subsequent military campaigns and diplomacy on the Balkan Front during 1914 The book details the first battle of the First World War the first Allied victory and the massive military humiliations Austria Hungary suffered at the hands of tiny Serbia while discussing the oversized strategic role Serbia played for the Allies during 1914 Lyon challenges existing historiography that contends the Habsburg Army was ill prepared for war and shows that the Dual Monarchy was in fact superior in manpower and technology to the Serbian Army thus laying blame on Austria Hungary's military leadership rather than on its state of readiness Based on archival sources from Belgrade Sarajevo and Vienna and using never before seen material to discuss secret negotiations between Turkey and Belgrade to carve up Albania Serbia's desertion epidemic its near surrender to Austria Hungary in November 1914 and how Serbia became the first belligerent to openly proclaim its war aims Serbia and the Balkan Front 1914 enriches our understanding of the outbreak of the war and Serbia's role in modern Europe It is of great importance to students and scholars of the history of the First World War as well as military diplomatic and modern European history **Bail Out Over the Balkans** Richard S.
