

The Bridge Of Truth

Theodore L. Flood, Frank Chapin Bray

The Bridge Of Truth:

Truth'S Blood Tyler Roberts,2012-12-20 It hadnt seemed possible that a president whose policies had impoverished millions could be reelected It was the waning years of the American empire and the liberties represented in the Constitution and the Bill of Rights were a fading memory The government monitored every aspect of American life and the drones buzzing overhead served as a constant reminder but it was the governments reckless spending that brought the nation to its knees Now the economy is in ruin and the presidents European style welfare state stands at the brink of collapse The United States is unable to repay its debts China has come seeking payment in real assets and they mean business Chaos reigns power has been cut select cities have been decimated by nuclear bombs and burned out houses occupy neighborhoods like rotting teeth in the mouth of a crack addict What was new is now old and what was old is now new again Cliffson Langs son attempts to escape the fires and mobs overrunning the city of Seattle When Cliffson is called away to help his other son is kidnapped by occupying forces and placed in a work camp Truths Blood is the Lang familys story of survival at a time when government dependency must be replaced by self reliance As the United States experiences the disintegration of society and foreign occupation their challenge verges on the impossible *My Godmother's Stories from Many Lands* Mrs. T. While it is true that genocide prevention is not what tends to land on the front pages of national newspapers today it is what prevents the worst headlines from ever being made Despite the post Holocaust consensus that Never Again would the world allow civilians to be victims of genocide the reality is closer to Again and Again As many as 170 million civilians across the world were victims of genocide and mass atrocity in the 20th century Now that we have entered the 21st century little light has been brought to that darkness as civilians still find themselves under brutal attack in South Sudan Burma Syria the Central African Republic Burundi Iraq and a score of other countries in the world beset by state fragility and extremist identity politics Drawing on over two decades of primary research and scholarship from a wide range of disciplinary perspectives *Confronting Evil Engaging Our Responsibility to Prevent Genocide* is grounded in the belief that preventing mass atrocity is an achievable goal but only if we have the collective will to do so This groundbreaking book from one of the foremost leaders in the field presents a fascinating continuum of research informed strategies to prevent genocide from ever taking place to prevent further atrocities once genocide is occurring and to prevent future atrocities once a society has begun to rebuild after genocide With remarkable insight Dr James Waller challenges each of us to accept our responsibilities as global citizens in whichever role and place we
