Dickens Great Expectations This method applies a combination of 23 to 28 different types of punctuation parts of speech and lexical linguistic tests Parts of this book offer extensive statistical evidence in support of why this method's findings are quantitatively reliable If preceding attribution methods had been equally reliable then they would have also concluded canonical British texts have been overwhelmingly ghostwritten A section in this book explains the methodological flaws of these preceding attribution approaches because of which they have incorrectly reaffirmed their canonically accepted bylines It includes definitions of central stylometric terminology and explains how readers can apply the described strategies to their own attribution research at any academic level *Principles of Scientific Writing and Biomedical Publication* Phil B.

Winner of the VCU Cabell First Novelist Award Winner of the American Library Association's Sophie Brody Medal Finalist for the National Jewish Book Award A singularly talented writer makes his literary debut with this provocative soulful and sometimes hilarious story of a failed journalist asked to do the unthinkable Forge Holocaust restitution claims for old Russian Jews in Brooklyn New York Yevgeny Gelman grandfather of Slava Gelman didn't suffer in the exact way he needs to have suffered to qualify for the restitution the German government has been paying out to Holocaust survivors But suffer he has as a Jew in the war as a second class citizen in the USSR as an immigrant to America So Isn't his grandson a writer High minded Slava wants to put all this immigrant scraping behind him Only the American Dream is not panning out for him Century the legendary magazine where he works as a researcher wants nothing greater from him Slava wants to be a correct blameless American but he wants to be a lionized writer even more Slava's turn as the Forger of South Brooklyn teaches him that not every fact is the truth and not every lie a falsehood It takes more than law abiding to become an American it takes

the same self reinvention in which his people excel Intoxicated and unmoored by his inventions Slava risks exposure Cornered he commits an irrevocable act that finally grants him a sense of home in America but not before collecting a price from his family A Replacement Life is a dark moving and beautifully written novel about family honor and justice [AMA Manual of Style](#) The JAMA Network Editors, 2019-11-01 The AMA Manual of Style is a must have resource for anyone involved in medical health and scientific publishing Written by an expert committee of JAMA Network editors this latest edition addresses issues that face authors editors and publishers in the digital age Extensive updates are included in the References chapter with examples of how to cite digital publications preprints databases data repositories podcasts apps and interactive games and social media Full color examples grace the chapter on data display with newer types of graphic presentations and updated guidance on formatting tables and figures The manual thoroughly covers ethical and legal issues such as authorship conflicts of interest scientific misconduct intellectual property open access and public access and corrections The Usage chapter has been revised to bring the manual up to date on word choice especially in writing about individuals with diseases or conditions and from various socioeconomic racial ethnic and sexual orientation populations Specific nomenclature entries in many disciplines are presented to guide users in issues of diction formatting and preferred terminology Guidance on numbers SI units and math has been updated and the section on statistics and study design has undergone a major expansion In sum the answer to nearly any issue facing a writer or editor in medicine health care and related disciplines can be found in the 11th edition of the AMA Manual of Style Available for institutional purchase or subscription or individual subscription Visit [AMAManualofStyle.com](#) or contact your sales rep for more details [InfoWorld](#)
