I confess to a great liking for the Indian fashion of name giving every man known by that phrase which best expresses him to whoso names him. Thus he may be Mighty Hunter or Man Afraid of a Bear according as he is called by friend or enemy and Scar Face to those who knew him by the eye's grasp only. No other fashion I think sets so well with the various natures that inhabit in us and if you agree with me you will understand why so few names are written here as they appear in the geography. For if I love a lake known by the name of the man who discovered it which endears itself by reason of the close locked pines it nourishes about its borders you may look in my account to find it so described. But if the Indians have been there before me you shall have their name which is always beautifully fit and does not originate in the poor human desire for perpetuity. Nevertheless there are certain peaks, cañons and clear meadow spaces which are above all compassing of words and have a certain fame as of the nobly great to whom we give no familiar names. Guided by these you may reach my country and find or not find according as it lieth in you much that is set down here. And more. The earth is no wanton to give up all her best to every comer but keeps a sweet separate intimacy for each. [The Land of Little Rain](#) Mary Hunter Austin, 1991-09-01. Bonded Leather binding. **The Land of Little Rain** Mary Austin, 2023-01-31T17:31:14Z. The Land of Little Rain is a loosely connected collection of essays detailing the land and inhabitants of the American Southwest. The individual works are connected via the waterways that connect the regions they describe. The stories and essays focus on themes that contrast the supremacy of nature with the effects of humans in natural spaces. Many stories follow the animals in their daily lives, the growth of plants, the seasons and the various human inhabitants of the region. The author creates a lyrical view of the desert and lowlands at the base of the mountains with a focus on animal and plant life. Humans are generally viewed as interlopers in an otherwise pristine and functional system. Mary Austin first published *The Land of Little Rain* in 1903. The work highlighted the life of the desert at a time when the popular imagination pictured the desert as empty and lifeless. At the time of writing there was much debate between those that wanted to anthropomorphize nature and present an idealistic view from animal perspectives (pejoratively referred to as nature fakers) and those that wanted to provide a clear and accurate view of the natural world. *The Land of Little Rain* takes a creative approach but resists the pull to make the flora and fauna of the region more human like and instead faithfully presents them in their environment as the author observed them. This book is part of the Standard Ebooks project which produces free public domain ebooks. *Mary Austin's Encounter with the Land of Little Rain* Virginia Carlson Parker, 1983.

The Land of Little Rain Mary Austin, 2007 In 1903 when *The Land of Little Rain* was first published it became an instant success It has continued to attract and enchant readers ever since that time It was one of the first books to be written in a popular style about the animals plants and people of a Southwest desert area Mary Austin wrote it from her own observations and experiences in the field She lived the book It is also one of the first to express the need for the conservation of our natural resources Carl Van Doren once wrote that Austin should have the degree M A E Master of American Environment The book a work of authenticity and originality still has meaning for twenty first century readers *The Land of Little Rain* Mary Austin, 2021-02-10 **The Statesman's Year-book** Frederick Martin, Sir John Scott Keltie, Isaac Parker Anderson Renwick, Mortimer Epstein, Sigfrid Henry Steinberg, John Paxton, Brian Hunter, Barry Turner, 1868 World political social and economic survey country by country *Made from this Earth* Vera Norwood, 1993 *Made From This Earth* American Women and Nature **Lectures to the Working Classes** Gordon Calthrop, 1865 **Outing** , 1920 *The Land of Little Rain* Jordan Dunn, 2014 The Bookman , 1905 **Official Proceedings** , 1905
