BMW 3 series has earned a reputation as one of the world's greatest sports sedans. Unfortunately, it has also proven one of the more expensive to service and maintain. This book is dedicated to the legion of BMW 3 series owners who adore their cars and enjoy restoring, modifying, and maintaining them to perfection. Its format allows more of these enthusiasts to get out into the garage and work on their BMWs and, in the process, to save a fortune. Created with the weekend mechanic in mind, this extensively illustrated manual offers 101 projects that will help you modify, maintain, and enhance your BMW 3 series sports sedan. Focusing on the 1984-1999 E30 and E36 models, *101 Performance Projects for Your BMW 3 Series* presents all the necessary information, covers all the pitfalls, and assesses all the costs associated with performing an expansive array of weekend projects.

A Course in Business Statistics Patrick W. Shannon, 2002. This book presents core topics in descriptive and inferential statistics with a rich assortment of business examples and real data and an emphasis on decision making. It contains a narrative writing style and the captivating examples and applications and rich data sets are woven right into the narrative. The examples are interesting, realistic, and drawn from all areas of business and life. There is significant emphasis on using statistical software as a tool, with most examples presented in a spreadsheet environment using Excel and Minitab. Every topic is introduced in the context of a real business application, complete with real data from small and large data sets.
