Social Suffering:

Social Suffering Arthur Kleinman, Veena Das, Margaret M. Lock, 1997-12-30 Social Suffering takes in the human consequences of war famine depression disease and torture problems that result from what political economic and institutional power does to people Experts have joined together to investigate the cultural representations of Preaching on Social Suffering Jeremy Kangsan Kim, 2023-03-01 In this book Jeremy Kim criticizes current Korean and Asian American homiletical strategies for their lack of a theological point of view on social suffering He argues that preachers must develop an alternative theological homiletical viewpoint on social suffering one that has pastoral and prophetic approaches These two approaches offer people a refuge and a voice not only in the church community but also in the larger social community Thus the author suggests that preachers adopt the biblical lament highlighting its dual tasks of compassion the pastoral dimension and resistance the prophetic dimension The author who is a non Western Asian American preacher also incorporates East Asian philosophical and hermeneutical research on ren a positive element of Confucianism into his argument He applies this core concept of Confucianism to the preacher's homiletical strategy toward social suffering Thus the author proposes that Korean preachers should recover ren which contains sincere compassion for others as well as a voice of resistance that reveals unjust social structures as the cause of social suffering and expresses both within Uri we the community **A Passion for Society** Iain Wilkinson, Arthur Kleinman, 2016-01-26 What does human suffering mean for society And how has this meaning changed from the past to the present In what ways does the problem of suffering serve to inspire us to care for others How does our response to suffering reveal our moral and social conditions In this trenchant work Arthur Kleinman a renowned figure in medical anthropology and Iain Wilkinson an award winning sociologist team up to offer some answers to these profound questions A Passion for Society investigates the historical development and current state of social science with a focus on how this development has been shaped in response to problems of social suffering Following a line of criticism offered by key social theorists and cultural commentators who themselves were unhappy with the professionalization of social science Wilkinson and Kleinman provide a critical commentary on how studies of society have moved from an original concern with social suffering and its amelioration to dispassionate inquiries The authors demonstrate how social action through caring for others is revitalizing and remaking the discipline of social science and they examine the potential for achieving greater understanding through a moral commitment to the practice of care for others In this deeply considered work Wilkinson and Kleinman argue for an engaged social science that connects critical thought with social action that seeks to learn through caregiving and that operates with a commitment to establish and sustain humane forms of society *Remaking a World* Veena Das, Arthur Kleinman, Margaret M.
