The New Russians Part II:

The New Russian Diaspora Vladimir Shlapentokh, Munir Sendich, Emil Payin, 1994 In the wake of the USSR's collapse more than 25 million Russians found themselves living outside Russian territory their status ambiguous This volume prepared under the sponsorship of the Kennan Institute offers a comprehensive and amply documented examination of the issue

The Fate of the New Man Claire McCallum, 2018-07-03 Between 1945 and 1965 the catastrophe of war and the social and political changes it brought in its wake had a major impact on the construction of the Soviet masculine ideal Drawing upon a wide range of visual material *The Fate of the New Man* traces the dramatic changes in the representation of the Soviet man in the postwar period It focuses on the two identities that came to dominate such depictions in the two decades after the end of the war the Soviet man's previous role as a soldier and his new role in the home once the war was over In this compelling study Claire McCallum focuses on the reconceptualization of military heroism after the war the representation of contentious subjects such as the war damaged body and bereavement and postwar changes to the depiction of the Soviet man as father McCallum shows that it was the Second World War rather than the process of de Stalinization that had the greatest impact on the masculine ideal proving that even under the constraints of Socialist Realism the physical and emotional devastation caused by the war was too great to go unacknowledged *The Fate of the New Man* makes an important contribution to Soviet masculinity studies McCallum's research also contributes to broader debates surrounding the impact of Stalin's death on Soviet society and on the nature of the subsequent Thaw as well as to those concerning the relationship between Soviet culture and the realities of Soviet life This fascinating study will appeal to scholars and students of Soviet history masculinity studies and visual culture studies

Russian Provincial Society Juri Plusnin, 2022-06-21 This book presents a unique analysis of modern Russian provincial society Based on detailed empirical evidence it develops a theoretical model of Russian provincial society in the late 20th century and the early 21st century The book explains how under the conditions of catastrophic changes Russian provincial societies have undergone a structural transformation It further sheds light on the transformation of the economic behavior of the population and households with regard to economic practices crafts and revived archaic forms of labor behavior Summarizing the extensive empirical evidence the book puts forward the concept of complementarity of two social structures at the local level a ground soft communal structure and a tightening with an iron hoop estate state structure Next it discusses the stability and resistance of the local social structure to external political disturbances Based on the presented analysis the book introduces several independent criteria on the basis of which it establishes the typology of all empirically observed forms of societies Subsequently the book identifies six main types of Russian provincial societies It explains how depending on the type the different societies either adapt to political and economic changes in different ways stay unchanged or transform their structure The book will appeal to students scholars and researchers of economics political science sociology and anthropology interested in a better understanding of
