The Noble Savage A Study In Romantic Naturalism:

The Noble Savage Hoxie Neale Fairchild, 1928 **Strangers in the South Seas** Richard Lansdown, 2006-01-01 Long before Magellan entered the Pacific in 1521 Westerners entertained ideas of undiscovered oceans mighty continents and paradisaical islands at the far ends of the earth such ideas would have a long life and a deep impact in both the Pacific and the West With the discovery of Tahiti in 1767 another powerful myth was added to this collection the noble savage For the first time Westerners were confronted by a people who seemed happier than themselves This revolution in the human sciences was accompanied by one in the natural sciences after Darwin's momentous visit to the Galapagos Islands The Pacific produced other challenges for nineteenth century researchers on race and culture and for those intent on exporting their religions to this immense quarter of the globe As the century wore on the region presented opportunities and dilemmas for the imperial powers a process was accelerated by the Pacific War between 1941 and 1945 *Strangers in the South Seas* recounts and illustrates this story using a wealth of primary texts It includes generous excerpts from the work of explorers soldiers naturalists anthropologists artists and writers some famous some obscure It shows how the Great South Sea has been an irreplaceable distant mirror of the West and its intellectual obsessions since the Renaissance **Inchbald,**

Hawthorne and the Romantic Moral Romance Ben P Robertson, 2015-10-06 Explores the connections between British and American Romanticism focusing on the novels of Elizabeth Inchbald 1753 1821 and Nathaniel Hawthorne 1804 64 This study argues that Inchbald and Hawthorne are representative of a larger British American cultural confluence during the eighteenth and nineteenth centuries [The New Cambridge Bibliography of English Literature: Volume 2, 1660-1800](#)

George Watson, Ian R. Willison, 1971-07-02 More than fifty specialists have contributed to this new edition of volume 2 of *The Cambridge Bibliography of English Literature* The design of the original work has established itself so firmly as a workable solution to the immense problems of analysis articulation and coordination that it has been retained in all its essentials for the new edition The task of the new contributors has been to revise and integrate the lists of 1940 and 1957 to add materials of the following decade to correct and refine the bibliographical details already available and to re shape the whole according to a new series of conventions devised to give greater clarity and consistency to the entries **Pacific Romanticism**

Alexander H. Bolyanatz, 2004-10-30 Europeans romanticist imaginings of people from the South Pacific have been around since the Enlightenment and have been significantly informed by the accounts of voyages to Tahiti by people such as Louis Bougainville This book shows that the overtly promiscuous behavior that the French perceived as hospitality on the part of the Tahitians in 1768 was actually a defensive ploy and that our contemporary image of sex and sexuality in Pacific Island societies is influenced by a fantasy based on this French misperception This volume takes a very detailed look at traditional Tahitian culture and society and provides a realistic description of what happened on Tahiti when Europeans encountered the people who lived there Bolyanatz provides a very readable history of South Pacific exploration and Enlightenment

thinking Anyone interested in the development of Enlightenment thought and the way it has developed since the 18th century will enjoy this book

Travels in Translation Ken Frieden, 2016-07-25 For centuries before its rebirth as a spoken language Hebrew writing was like a magical ship in a bottle that gradually changed design but never voyaged out into the world Isolated the ancient Hebrew ship was torpid because the language of the Bible was inadequate to represent modern life in Europe Early modern speakers of Yiddish and German gave Hebrew the breath of life when they translated dialogues descriptions and thought processes from their vernaculars into Hebrew By narrating tales of pilgrimage and adventure Jews pulled the ship out of the bottle and sent modern Hebrew into the world In Travels in Translation Frieden analyzes this emergence of modern Hebrew literature after 1780 a time when Jews were moving beyond their conventional Torah and Zion centered worldview Enlightened authors diverged from pilgrimage narrative traditions and appropriated travel narratives to America the Pacific and the Arctic The effort to translate sea travel stories from European languages with their nautical terms wide horizons and exotic occurrences made particular demands on Hebrew writers They had to overcome their tendency to introduce biblical phrases at every turn in order to develop a new vivid descriptive language As Frieden explains through deft linguistic analysis by 1818 a radically new travel literature in Hebrew had arisen Authors such as Moses Mendelsohn Frankfurt and Mendel Lefin published books that charted a new literary path through the world and in

European history Taking a fresh look at the origins of modern Jewish literature Frieden launches a new approach to literary studies one that lies at the intersection of translation studies and travel writing **Neophilologus** ,1929 **Columbia Books, 1893-1933** Columbia University.
