**The Notorious Dr. Bahrdt** Sten Gunnar Flygt,1963 Biography of an 18th century German theologian who gained a great deal of notoriety in his day by insisting on living exactly as he pleased      **The Notorious Dr. Bahrdt** Sten Gunnar Flygt,1963 Biography of an 18th century German theologian who gained a great deal of notoriety in his day by insisting on living exactly as he pleased      **The Genesis of German Conservatism** Klaus Epstein,2015-03-08 Although Conservative parties did not exist in Germany until after the Napoleonic Wars there did emerge around 1770 traceable organized political activity and intellectual currents of a clearly Conservative character The author argues that this movement developed as a response to the challenge of the Enlightenment in the fields of religion socioeconomic affairs and politics and that this response antedated the impact of the French Revolution Believing that Conservatism cannot be treated properly as a specialized phenomenon or simply as an intellectual movement Professor Epstein correlates it with the political and social forces of the time Originally published in 1966 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905      *The Enlightenment Bible* Jonathan Sheehan,2013-04-09 How did the Bible survive the Enlightenment In this book Jonathan Sheehan shows how Protestant translators and scholars in the eighteenth century transformed the Bible from a book justified by theology to one justified by culture In doing so the Bible was made into the cornerstone of Western heritage and invested with meaning authority and significance even for a secular age The Enlightenment Bible offers a new history of the Bible in the century of its greatest crisis and in turn a new vision of this century and its effects on religion Although the Enlightenment has long symbolized the corrosive effects of modernity on religion Sheehan shows how the Bible survived and even thrived in this cradle of ostensible secularization Indeed in eighteenth century Protestant Europe biblical scholarship and translation became more vigorous and culturally significant than at any time since the Reformation From across the theological spectrum European scholars especially German and English exerted tremendous energies to rejuvenate the Bible reinterpret its meaning and reinvest it with new authority Poets pedagogues philosophers literary critics philologists and historians together built a post theological Bible a monument for a new religious era These literati forged the Bible into a cultural text transforming the theological core of the Judeo Christian tradition In the end the Enlightenment gave the Bible the power to endure the corrosive effects of modernity not as a theological text but as the foundation of Western culture      *Everyday Life in the German Book Trade* Pamela E. Selwyn,2010-11-17 In his popular book *The Germans* 1982 Stanford historian Gordon Craig remarked When German intellectuals at the end of the eighteenth century talked of living in a Frederican age they were sometimes referring

not to the monarch in Sans Souci but to his namesake the Berlin bookseller Friedrich Nicolai Such was the importance attributed to Nicolai's role in the intellectual life of his age by his own contemporaries While long neglected by students of the period who tended to accept the caricature of him as a philistine who failed to recognize Goethe's genius Nicolai has experienced a resurgence of interest among scholars reexploring the German Enlightenment and the literary marketplace of the eighteenth century This book drawing upon Nicolai's large unpublished correspondence rounds out the picture we have of Nicolai already as author and critic by focusing on his roles as bookseller and publisher and as an Aufklärer in the book trade

*The Soul of Commerce: Credit, Property, and Politics in Leipzig, 1750-1840* Robert Beachy, 2005-12-01 This volume provides a new interpretation of the social and cultural context that shaped German political reforms from the mid eighteenth to the mid nineteenth century Focusing on Electoral Saxony the analysis demonstrates how the commercial city of Leipzig shaped the Saxon Enlightenment and then had a powerful influence on reforming the territorial state The study presents extensive archival research to develop a careful account of Leipzig's social and political history and then argues persuasively that the city played a catalytic role in the introduction of a Saxon constitutional monarchy after 1830 The volume emphasizes the role of pre modern urban political and legal norms in shaping the first liberal reforms in nineteenth century Germany

**Der protestantische Frühkonservatismus in Deutschland in der zweiten Hälfte des 18. Jahrhunderts** Volker Jordan, 2007 Magisterarbeit aus dem Jahr 1997 im Fachbereich Geschichte Europa und Lateinamerika Absolutismus Industrialisierung Note 1,75 Albert Ludwigs Universität Freiburg Historisches Seminar 888 Quellen im Literaturverzeichnis Sprache Deutsch Abstract Beschäftigt man sich mit dem Phänomen der politischen Strömungen so ist es von entscheidender Bedeutung die historischen Umstände Triebkräfte und Personen zu kennen die zu deren Genese beigetragen haben In besonderer Weise gilt dies für den Konservatismus in Deutschland der hier zumindest in der ersten Hälfte des 19. Jahrhunderts wohl einflussreichsten Weltanschauung Dieser hat sich nicht erst aufgrund von Reaktionen auf die Französische Revolution geformt sondern kann was allgemein nur wenig bekannt ist bereits eindeutig seit Mitte des 18. Jahrhunderts als Reaktion Geistesströmung der Aufklärung konstatiert werden obwohl erst die Geschehnisse nach 1789 seine volle Entfaltung herbeigeführt haben Dabei war dieser Konservatismus von unterschiedlicher Gestalt und Motivation Besonders interessant ist es den engen Zusammenhang zwischen dem christlichen Glauben und dem werdenden politisch noch nicht unbedingt voll ausgeprägten Konservatismus zu beleuchten Der vorliegende Beitrag nun möchte ohne Anspruch auf Vollständigkeit unter vorwiegender Berücksichtigung Personen Ideen Kirchen und theologiegeschichtlicher Perspektiven den Frühkonservatismus lutherischer und reformierter an die Offenbarung Gottes in Jesus Christus und in der Heiligen Schrift glaubender Theologen Schriftsteller und Persönlichkeiten aus dem deutschen Geistesleben sowie deren Ideen in der Zeit vom Ausgang der Aufklärung bis zum Ende der Französischen Revolution oder wo dies aus biographischen Gründen angemessen erschien auch bis zu den Befreiungskriegen näher untersuchen Inhaltliche Schwerpunkte der Arbeit sind die

evangelische Theologiegeschichte der Aufklärung die Goeze Lessing Kontroverse bekannt als der Wolfenbütteler  
 Fragmentenstreit das Wöllnersche Religionsedikt der Emkendorfer Kreis unter besonderer Berücksichtigung des politischen  
 Denkens von Matthias Claudius Johann Kaspar Lavater und Gottfried Menken die Reaktion protestantischer Geistlicher auf

 standard picture of eighteenth century Germany German writers were often reported to be apolitical Historians often claim  
 that the Germans developed a more radical politics in response to the French Revolution A commonly held stereotype depicts  
 the Germans as having no sense of humor Bahrdt's 1788 play *The Edict of Religion* a ribald work of satire that attacks the  
 tyranny and hypocrisy of the Prussian authorities shatters these assumptions *The Edict of Religion* is chiefly important in the  
 history of ideas because it called for religious freedom intellectual freedom and freedom of the press before the French  
 Revolution focused attention on human rights Upon its publication however Bahrdt confronted the quasi military discipline of  
 the Prussian state that he denounced He was tried and imprisoned but could not be silenced In *The Story and Diary of My  
 Imprisonment* also in this volume and like *The Edict of Religion* here in English for the first time Bahrdt holds the authorities  
 up to ridicule and defends himself as an innocent victim     **The Cumulative Book Index**, 1964     **Fictions of
