## Be Irresistible Guide James Bauer:

*James Vs Darwin* Frederick Bauer, 2009-08-26 James yearned to weave science and religion into a popular philosophy useful for the everyday life of everyday people of faith. He saw that many of them were defenseless in an increasingly agnostic even atheistic culture. Thousands of innocent magazine readers lie paralyzed and terrified in the network of shallow negations which the leaders of opinion have thrown over their souls. He wrote in 1882 To which he added If I like the mouse in the fable have gnawed a few of the strings of the sophistical net that has been binding down the human heart's lion strength I shall be more than rewarded for my pains. Were he to return he would surely be even more unhappy with the leaders of opinion but also with the responses of people of faith who either seek refuge in untenable fundamentalist reliance on religious scriptures or else view science and religion as two wholly separate independent spheres of knowledge. Building on three previous books about James's philosophy as well as on three books about related topics the present text will explain why no one professing to do science in this third millennium can ignore the psychology behind all discoveries.

*The Patience of Pearl* Daniel B. Shea, 2012-12-15 When St Louis homemaker Pearl Curran began writing fiction and poetry at a Ouija board in 1913 she attributed the work to the discarnate entity Patience Worth a seventeenth century Puritan. Though now virtually forgotten her writing garnered both critical praise and public popularity at the time. *The Patience of Pearl* uncovers more of Curran's and thus Patience Worth's biography than has been known before. Daniel B. Shea provides close readings of the Patience dictated writings and explores the historical and local context applying current cognitive and neuropsychology research. Though Pearl Curran had only a ninth grade education Patience Worth was able to dictate a biblical novel and a Victorian novel *Echoes of Dickens and the Potters* a circle of St Louis women writers make clear that Patience Worth reflects literary debts that go as far back as Curran being read to as a child. Shea argues that the workings of implicit memory suggest the medium's creative achievements were her own body's property. Curran also had musical training and recent developments in the field of psychology regarding the overlap between musical and linguistic rhythms of regularity anticipation and surprise supply a firm foundation for attributing skills both automatic and creative to Curran. Her reflections on her doubleness in her self study anticipate the many personed Ouija board writing of poet James Merrill. Shea approaches Curran Worth as a summary figure for the Victorian era woman writer's buried voice at the point of its transition into modernism. He investigates many lingering questions about Curran's fluent productivity at the Ouija board including the smart versus dumb unconscious. Shea links unconscious memory dissociation and automatic writing and reconsiders problematic assumptions about individual identity and claims of personal agency. The Curran Worth Puritan writer figure also allows scrutiny of gendered assumptions about the dangers of female speech and the idealization of women's passive reception of divine or husbandly revelation. Novelistic in its own way Curran's life included three husbands and a child adopted on command from Patience Worth. Pearl Curran enjoyed a brief period of celebrity in Los Angeles before her death in
