## The Exeter Blitz:

*The Exeter Blitz* David Rees, 1978-01-01 Spndende historie om tyskernes bombardement af Exeter i maj 1942 **The Story of the Exeter Blitz**, 194? **Exeter Burning** Peter David Thomas, 2002-04-30 **The Terror Raids of 1942** Jan Gore, 2020-12-02 Meticulous research provides the fullest insight yet into the impact of this bombing campaign on Britain's home front during the Second World War We shall go out and bomb every building in Britain marked with three stars in the Baedeker Guide the German Foreign Office announced in April 1942 as the Luftwaffe attacked Exeter Bath Norwich York and Canterbury Over a thousand people died These raids were direct retaliation for RAF raids on equally historic German cities Hitler had ordered that Preference is to be given where attacks are likely to have the greatest possible effect on civilian life and in this narrow aim as Jan Gore shows in the first full history of the raids to be published for over twenty years they certainly succeeded She explains the Luftwaffe's tactics the types of bombs that were used high explosive parachute mines and incendiaries and records the devastating damage they caused Her main focus is on the effect of the bombing on the ground In graphic detail she describes the air raid precautions the role of the various civil defense organizations and the direct experience of the civilians Their recollections many of which have not been published before as well as newspaper articles and official reports give us a vivid impression of the raids themselves and their immediate aftermath One can never understand what either side hoped to achieve by destroying historic cities and killing and maiming their citizens during a conflict such as the second world war Jan Gore attempts to explain the thinking behind it and the awful consequences A terrific account Books Monthly *The Exeter Blitz* Express and Echo, 2006 **Bunnies** Kieran Lynn, 2012-10-31 Growing frustrated at the destruction of his rural idyll a farmer picks up a pamphlet that encourages him on a dangerous path He has a great idea to secure the future of the native animals on his land to kill all of the non natives With his daughter against him and his son on the fence his idea looks equally brilliant and insane His goal may be achieved but at what cost A dark comedy pondering the effects of extremism Bunnies is new play by up and coming young writer Kieran Lynn **Bombing, States and Peoples in Western Europe 1940-1945** Claudia Baldoli, Andrew Knapp, Richard Overy, 2011-06-30 This is the first book to treat bombing during WWII as a European phenomenon and not just the Blitz on Britain and Germany With Western Europe now at the heart of a united continent it is even more difficult to explain how only 70 years ago European states destroyed much of the urban landscape from the air There were many blitzes between 1940 and 1945 with an estimated 700 000 people killed The purpose of this book is to provide the basis for a comparison of the experience of western states under the impact of bombing In particular it considers the political cultural and social responses to bombing rather than the military strategic and social dimensions which have formed the core of the discussion hitherto This book will correct the popular perception of the British Blitz as the key bombing experience by exposing the reality of life under the bombs for communities as far apart as Brest Palermo and Rostock An international panel of historians consider the issues raised amidst the bombing of human

rights and protection of civilians in this seminal event in C20th history [Express and Echo : the Exeter Blitz](#) Jan Nichols,19?? **Britannia: a Modern Guide Through the Ancient Kingdom** Glafira Regina Osypets,2024-10-26 Delve deeper into the four kingdoms carefully exploring each city My book consists of 75 chapters one for each city Each section consists of three parts a little preview which aims to quickly familiarize you with the city and provide the most interesting facts about its history the most important historical events and of course tourist places the best attractions with short descriptions and bright photos The book is suitable for everyone an avid historian or an avid traveller The motto that I put into my work beauty is in the eye of the beholder So I want to show and prove that every city in the United Kingdom big or small old or new famous or not deserves attention Britain is beautiful in its own way I want to teach you to see this beauty What are you waiting for A fantastic journey is closer than you think **Dornier Do 217 Units of World War 2** Chris Goss,2021-09-16 The Do 217 had a much larger bomb load capacity and had considerably greater range than the Do 17 which it replaced in frontline service from mid to late 1941 Although initially used simply as a bomber later variants were developed to allow the Do 217 to undertake the precision maritime strike role In order to perform the latter mission the Do 217 was modified to launch glide bombs units employing these pioneering weapons enjoyed some success in the Mediterranean from the autumn of 1943 During the course of these operations the Do 217 became the first aircraft in military aviation history to deploy a precision guided bomb in combat in the form of the Fritz X radio guided free fall weapon which sank the Italian battleship Roma shortly after Italy capitulated in September 1943 The Do 217 served on all fronts and was often used on anti shipping strikes during the Battle of the Atlantic and against the Allied invasion fleet at Normandy This versatile aircraft was also converted into a nightfighter seeing action in the Defense of the Reich through to war's end This highly illustrated study explores the design and development of the Do 217 and chronicles its use in the frontline as a strategic bomber launch platform for first generation precision weapons reconnaissance aircraft and nightfighter among others **Creating Verbatim Theatre from Oral Histories** Clare Summerskill,2020-09-13 Offering a roadmap for practicing verbatim theatre plays created from oral histories this book outlines theatre processes through the lens of oral history and draws upon oral history scholarship to bring best practices from that discipline to theatre practitioners This book opens with an overview of oral history and verbatim theatre considering the ways in which existing oral history debates can inform verbatim theatre processes and highlights necessary ethical considerations within each field which are especially prevalent when working with narrators from marginalised communities It provides a step by step guide to creating plays from interviews and contains practical guidance for determining the scope of a theatre project identifying narrators and conducting interviews developing a script from excerpts of interview transcripts and outlining a variety of ways to create verbatim theatre productions By bringing together this explicit discussion of oral history in relationship to theatre based on personal testimonies the reader gains insight into each field and the close relationship between the two Supported by
