Weaponizing Maps Joe Bryan, Denis Wood, 2015-03-05 Maps play an indispensable role in indigenous peoples efforts to secure land rights in the Americas and beyond Yet indigenous peoples did not invent participatory mapping techniques on their own they appropriated them from techniques developed for colonial rule and counterinsurgency campaigns and refined by anthropologists and geographers Through a series of historical and contemporary examples from Nicaragua Canada and Mexico this book explores the tension between military applications of participatory mapping and its use for political mobilization and advocacy The authors analyze the emergence of indigenous territories as spaces defined by a collective way of life and as a particular kind of battleground Annual Editions Gerald R. Pitzl, Pitzl Gerald, 2005-10 Provides access to articles selected from public press This book includes organizational features such as an annotated listing of selected World Wide Web sites an annotated table of contents a topic guide a general introduction brief overviews for each section a topical index and an instructor s resource guide with testing materials *An Atlas of the Himalayas by a 19th Century Tibetan Lama* Diana Lange, 2020-06-08 Diana Lange s patient investigations have in this wonderful piece of detective work solved the mysteries of six extraordinary panoramic maps of routes across Tibet and the Himalayas clearly hand drawn in the late 1850s by a local artist known as the British Library s Wise Collection Diana Lange now reveals not only the previously unknown identity of the Scottish colonial official who commissioned the maps from a Tibetan Buddhist lama but also the story of how the Wise Collection came to be in the British Library The result is both a spectacular illustrated ethnographic atlas and a unique compendium of knowledge concerning the mid 19th century Tibetan world as well as a remarkable account of an academic journey of discovery It will entertain and inform anyone with an interest in this fascinating region This large format book is lavishly illustrated in colour and includes four separate large foldout maps **The Education Index** , 1944
