Berkshire Publishing, a company known for coverage of international political and religious trends, has organized this ground breaking reference into a unique collection of analytical and statistical material with additional background and linking of information. Examines not only the role of the state but also that of the Internet, crime and border areas **The Middle East, Abstracts and Index**, 2006 **Research Papers** Kanada Commission of Inquiry into Investigation of the Bombing of Air India Flight 182, 2010 *Defeating the Jihadists* Richard A. Clarke, Richard Alan Clarke, Glenn P. Aga, 2004 The international jihadist network of radical Islamic terrorist groups is far more extensive than just al Qaeda and it has conducted twice as many attacks in the three years since September 11, 2001 as it did in the three years prior to that date. This addresses the nation's successes and failures on homeland security and calls for stronger, more effective strategy for dealing with jihadists including al Qaeda. The report offers a detailed action plan for neutralizing the international movement at the core of worldwide terrorism. The report also describes the nature of the jihadist threat, provides comprehensive profiles of the various jihadist groups and offers a rationale for the effort and money that would be needed to make the plan a success. The plan presented in the report builds on the recommendations of the 9/11 Commission and serves as a road map for winning the war against the jihadists.
