Elementary Algebra

Elementary Algebra is a course that covers the basic concepts and techniques of algebra. It is a course that is essential for students who are studying mathematics at the high school level. The course covers a wide range of topics, including the properties of numbers, the operations of addition, subtraction, multiplication, and division, and the use of algebraic symbols and formulas. The course also covers the concepts of linear and quadratic equations, and the use of these equations to solve problems. The course is designed to provide students with a solid foundation in algebra, which is necessary for more advanced studies in mathematics.
