Ryan,2018-07-27 This book is a rhetorical study of the writings of Republic of Texas presidents Sam Houston and Mirabeau Lamar which analyzes the frames applied in the writings of the two leaders to define Native Americans Presenting their individual writings as a dialogue and an argument it considers the points at which Houston and Lamar s rhetorical depictions overlapped and diverged and explores the range and overall social impact of each president s portrayal of Native Americans It prompts readers to consider the implications of such rhetorical framing both historically and through the modern day in application to a wide array of social groups    *Spying on the South* Tony Horwitz,2019-05-14 The New York Times

bestselling final book by the beloved Pulitzer Prize winning historian Tony Horwitz With Spying on the South the best selling author of Confederates in the Attic returns to the South and the Civil War era for an epic adventure on the trail of America s greatest landscape architect In the 1850s the young Frederick Law Olmsted was adrift a restless farmer and dreamer in search of a mission He found it during an extraordinary journey as an undercover correspondent in the South for the up and coming New York Times For the Connecticut Yankee pen name Yeoman the South was alien often hostile territory Yet Olmsted traveled for 14 months by horseback steamboat and stagecoach seeking dialogue and common ground His vivid dispatches about the lives and beliefs of Southerners were revelatory for readers of his day and Yeoman s remarkable trek also reshaped the American landscape as Olmsted sought to reform his own society by creating democratic spaces for the uplift of all The result Central Park and Olmsted s career as America s first and foremost landscape architect Tony Horwitz rediscovers Yeoman Olmsted amidst the discord and polarization of our own time Is America still one country In search of answers and his own adventures Horwitz follows Olmsted s tracks and often his mode of transport including muleback through Appalachia down the Mississippi River into bayou Louisiana and across Texas to the contested Mexican borderland Venturing far off beaten paths Horwitz uncovers bracing vestiges and strange new mutations of the Cotton Kingdom Horwitz s intrepid and often hilarious journey through an outsized American landscape is a masterpiece in the tradition of Great Plains Bad Land and the author s own classic Confederates in the Attic    *Out of the Red* Christian L. Bolden,2020-08-14 A pathbreaking story of how social forces and personal choices thrust a boy into gangs prison and the long path of redemption as a felon in an unforgiving society Brilliantly told through a sociological lens Bolden s story is vulnerable honest and leaves readers enlightened and moved to action    **Ensuring Artists Fair Compensation** United States. Overman,2019-02-11 Sports Crazy How Sports Are Sabotaging American Schools exposes the excesses of middle and high school sports and the detrimental effects our sports obsession has on American education Institutions are increasingly

emulating college and professional sports models and losing sight of a host of educational and health goals Steven J Overman describes how this agenda is driven largely by partisan fans and parents of athletes who exert an inordinate influence on school priorities and he explains how and why school administrators shockingly and consistently capitulate to these demands The author underscores the incongruity of public schools involved in an entertainment business and the effects this diversion has on academic integrity learning life experience and overall educational outcomes Overman examines out of control school sports within the context of a school s educational mission and curriculum with telling reference to impacts on physical education He explores as well the outsized place of interscholastic sports beyond the classroom and scrutinizes the distorted relationship between intramural or recreational sports and elitist varsity athletics Overman s chapter on tackle football explains many reasons why this sport should be eliminated from the school extracurriculum and replaced by flag or touch football Overman presents a brief history of interscholastic sports and he compares and contrasts the American experience of school sponsored sport to the European model of community based clubs Which approach better serves students Overman recommends reforms in the context of a radical proposal to phase out interscholastic sports in favor of an intramural or club model This approach would alleviate such problems as elitism and gender bias and reign in hypercompetitiveness while freeing schools to educate students rather than provide public entertainment [American Book Publishing Record](#) ,2006
