Terrible Sociability The Text Of Manners In Laclos Goethe And James:

Terrible Sociability Susan Winnett, 1993-09-01 This is a book about the novel of manners or mondant as a form It examines how the customs mores and rules of personal intercourse allow novelists to write about precisely those aspects of human experience that are quite unmannerly Readings of Laclos's Dangerous Liaisons Goethe's Elective Affinities and Henry James's The Golden Bowl show how each text addresses the manners organizing society in such a way as to engage the issues that most threaten the novel of manners itself Because manners are ostensibly conservative these works manifest a productive tension between their conventions of representation and overt ideological concerns on the one hand and their hidden agendas on the other Winnett not only shows how each novelist uses a particular set of formal conventions to articulate a theme he would not have been able to treat directly but also what it means to choose manners to represent concerns that manners would seem to proscribe

Terrible Sociability Susan Beth Winnett, 1989 **Terrible Sociability**

Susan Beth Winnett, 1982 *Performing the Everyday in Henry James's Late Novels* Maya Higashi Wakana, 2016-05-13 Focusing on James's last three completed novels The Ambassadors The Wings of the Dove and The Golden Bowl Maya Higashi Wakana shows how a microsociological approach to James's novels radically revises the widespread tradition of putting James's characters into historical and cultural contexts Wakana begins with the premise that day to day living is inherently theatrical and thus duplicitous and goes on to show that James's art relies significantly on his powerful sense of the agonizing and even dangerous complications of mundane face to face rituals that pervade his work Centrally informed by social thinkers such as G H Mead and Erving Goffman Wakana's study discloses the richness complexity and singularity of the interpersonal connections depicted in James's late novels Persuasively argued and rich in original close readings her book makes an important contribution to James's studies and to theories of social interaction

The Comfort of Strangers

Gage McWeeny, 2016-01-04 In most accounts literature of the nineteenth century compulsively tells the story of the individual and interiority But amidst the newly dense social landscapes of modernity with London as the first city of one million inhabitants this literature also sought to represent those unknown and unmet strangers Focusing on the ways that both Victorian literature and modern social thought responded to an emergent society of strangers The Comfort of Strangers argues for a new relation between literary form and the socially dense environments of modernity insisting upon strangers in these works not as alienating fearsome others but a relatively banal yet transformative fact of everyday life the dark matter of the nineteenth century social universe Taking up the literature of social density Gage McWeeny engages with a range of generically diverse works from the age of Victorian sympathy to illuminate surprising investments in ephemeral relations anonymity and social distance Life amidst strangers on urban streets and markets produced new social experiences both alluring and fearsome and McWeeny shows how realist literary form is remade by the relational possibilities offered by the impersonal intimacy of life among those unknown and the power of weak social ties Reading works by Charles Dickens

Matthew Arnold George Eliot Oscar Wilde and Henry James he discovers a species of Victorian sociality not imagined under J S Mill s description in On Liberty of society as a crowd impinging upon the individual Instead McWeeny mines nineteenth century literature s sociological imagination to reveal a set of works diverted by and into intensities located in strangers and the modern forms of sociality they emblemize Treating seriously the preference for the many over the few the impersonal intimacy of strangers over those who are friends and acquaintances The Comfort of Strangers shows how literature and sociology together produced modern understandings of the social opening up canonical works of the nineteenth century to a host of strange new meanings

Voegelinian Readings of Modern Literature Charles R. Embry,2011-05-16 These essays supply a theoretical grounding for the reading of novels poems and plays and reveal how the Voegelinian perspective exposes the existential and philosophical dimensions of the literary works themselves As a unit this collection of essays shows how modern pieces of literature can symbolize their creators participation in the human search for the truth of existence just as myths philosophical works and religious texts always have Voegelin s primary concern as a philosopher was to expose the roots of the disturbances of the modern era religious conflict imperialism war so that the sources of order leading to meaning are revealed The openness of Voegelinian thought and the many ways he considered the levels of reality generate intriguing themes for literary criticism

Enlightenment and Pathology Anne C. Vila,1998-01-21

If moods are as contagious as colds and wickedness as debilitating as a bad diet inquiries into assorted discourses in 18th century France still have much to tell Author Anne Vila shows that multiple junctures between the body and the mind promoted a steady commerce of speculation and discussion between science and the social salons of the time 9 illustrations

Transatlantic Negotiations Christa Buschendorf,Astrid Franke,2007

Transatlantic Negotiations was the theme of the 52 annual convention of the German Association for American Studies held in Frankfurt in 2005 Each contribution to this volume illuminates explicitly or implicitly the intricacies of negotiations embedded in different relationships of power as they reverberate through history Together they present a wide range of forms of interaction between Europe Africa and America from fruitful exchange to contemptuous or thoughtless discrimination The collection thus points to a salient feature of transatlantic relations namely the simultaneity of mutual enriching forms of negotiation marked by reciprocity with drastic forms of inequality in which the negotiating power is almost entirely one sided
