Vickers,2008-04-15 A Companion to Colonial America consists of twenty three original essays by expert historians on the key issues and topics in American colonial history Each essay surveys the scholarship and prevailing interpretations in these key areas discussing the differing arguments and assessing their merits Coverage includes politics religion migration gender ecology and many others Texas in the Middle Eighteenth Century; Studies in Spanish Colonial History and Administration Anonymous,2013-09 This historic book may have numerous typos and missing text Purchasers can usually download a free scanned copy of the original book without typos from the publisher Not indexed Not illustrated 1915 edition Excerpt doches I have not been able to find The earliest communication of his from there that I have seen is dated May 9 It is a letter to Governor Cabello and contains language implying that he had been at Nacogdoches some time and that Cabello already knew about the removal from Bucareli 26 In relating to Croix on May 13 the story of the desertion of Bucareli he says that more than a hundred days were spent in getting to Nacogdoches To have been true this could not have referred to the party he conducted for he did not leave Bucareli till some days after February 14 Neither could it have referred to the whole party led by Father Garza because one hundred days from January 25 when he set out was May 5 but as we have seen some if not most of the settlers had arrived at Nacogdoches as early as April 30 If Ybarbo s statement was true therefore he probably meant that it was one hundred days from the time when Father Garza started before all the stragglers who had stopped by the way arrived at the new settlement It is necessary here to correct an error that crept into the story of the abandonment of Bucareli as it was told in the Spanish correspondence namely the assertion that the cause of leavins the place was the flood It is clear from the above account that the Comanche raid was the external cause of the removal of the people to the east and that the flood did not occur till three weeks after most of them had left Yet through an increasing emphasis of what was in reality a secondary matter it soon became current in the governmental accounts that the change of location had been primarily due to the overflow of the Trinity 27 2 Expedicnte sobre el abandono 32 33 27 It is true however that a previous flood had
