Stephenson, 2017-10-13 Excerpt from *Texas and the Mexican War A Chronicle of the Winning of the Southwest* The purpose of the Mexican republicans in permitting the creation of these colonies of foreigners has not been explained any more than have the purposes of the royalists who began the work by encouraging Austin The Spanish tradition ran counter to such a policy If circumstantial evidence counts for anything the Mexican authorities had some vision of a new regime which Americans do not yet understand One thing is certain they had no intention to leave the colonies permanently separate from the rest of the population Only the Spanish language was to be used in public transactions A colonist who married a Mexican was allowed more land than one who did not All the laws repeated or implied the provision of the original grant to Austin which laid down as the first and principal requisite for colonists that of being Catholics or agreeing to become so About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the
