A Conspiratorial Life Edward H. Miller, 2024-05-31 A cleverly written finely textured and badly needed study of a pivotal and too often marginalized figure in the development of the modern American Right The Journal of Southern History Though you may not know his name Robert Welch 1899 1985 founder of the John Birch Society is easily one of the most significant architects of our current political moment In *A Conspiratorial Life* the first full scale biography of Welch Edward H Miller delves deep into the life of an overlooked figure whose ideas nevertheless reshaped the American right A child prodigy who entered college at age twelve Welch became an unlikely candy magnate founding the company that created Sugar Daddies Junior Mints and other famed confections In 1958 he funneled his wealth into establishing the organization that would define his legacy and change the face of American politics the John Birch Society Though the group s paranoiac right wing nativism was dismissed by conservative thinkers like William F Buckley its ideas gradually moved from the far right fringe into the mainstream By exploring the development of Welch s political worldview *A Conspiratorial Life* shows how the John Birch Society s rabid libertarianism and its highly effective grassroots networking

became a profound yet often ignored or derided influence on the modern Republican Party Miller convincingly connects the accusatory conservatism of the midcentury John Birch Society to the inflammatory rhetoric of the Tea Party the Trump administration Q and more As this book makes clear whether or not you know his name or what he accomplished it s hard to deny that we re living in Robert Welch s America Offers a good angle from which to appraise the fractured state of American conservatism Financial Times

The Radical Right and the Murder of John F. Kennedy Harrison E. Livingstone, 2004

The Radical Right and the Murder of John F Kennedy Stunning Evidence in the Assassination of the President Harrison E Livingstone s major new book the fifth of his works on the death of JFK brings together for the first time all of the central evidence demonstrating a domestic Right Wing conspiracy rooted in Texas which assassinated the President on November 22 1963 The book represents forty years of work The book discusses in great detail the actual medical evidence and the forgery of the autopsy photographs and X rays which Mr Livingstone first exposed the alteration of the autopsy report the framing of the designated patsy Lee Harvey Oswald and the substitution and fabrication of every single piece of evidence It discusses the role played in the murder by some of the most powerful men in the country Lyndon Johnson J Edgar Hoover and Richard Nixon as well as the rich oil men and companies who backed them It then describes the cover ups by the media the major investigations over the years the FBI and the mind control cooperation at work in the case to misdirect researchers and the public The book describes in great detail the people and companies in Texas who planned and carried out the assassination It names names One recent investigation in the 90s followed Mr Livingstone s preceeding work and reinvestigated with the witnesses both he and the official investigations had talked to but this time took into consideration their documentation and what they had actually said and in a chapter this is his stunning new evidence from the U S government under President Clinton that is blowing the lid off the case Mr Livingstone first revealed to the Washington press corps in 1998 that there has been such a secret investigation and spoke for fifty minutes when the Assassination Records Review Board gave their final press conference As a result Mr Livingstone was on all major TV networks and on the Today show NBC with Katie Couric the next morning The book also contains the story of Dallas doctor Charles Crenshaw s law suit and the depositions of the editor and writer of the Journal of American Medical Association who libeled him in articles in 1992 Dr Crenshaw s book about trying to save Kennedy at Parkland Hospital shortly after the shooting came out on the same day as Mr Livingstone s major work on the medical evidence High Treason 2 were JAMA s targets and the depositions contain much discussion of Mr Livingstone s major impact on the JFK case This new book is to be followed closely by a sixth book entirely about the Zapruder film called The Hoax of the Century Decoding the Forgery of the Zapruder Film

Nut Country Edward H. Miller, 2015-09-03 Taps the fascinating history of a surprisingly understudied place Dallas to reorient our understanding of America s Republican Right Darren Dochuk author of Anointed with Oil On the morning of November 22 1963 President Kennedy told Jackie as they started for Dallas We re heading into nut country today That day s events ultimately obscured

and revealed just how right he was Oswald was a lone gunman but the city that surrounded him was full of people who hated Kennedy and everything he stood for led by a powerful group of ultraconservatives who would eventually remake the Republican party in their own image In *Nut Country* Edward H Miller tells the story of that transformation showing how a group of influential far right businessmen religious leaders and political operatives developed a potent mix of hardline anticommunism biblical literalism and racism to generate a violent populism and widespread power Though those figures were seen as extreme in Texas and elsewhere mainstream Republicans nonetheless found themselves forced to make alliances or tack to the right on topics like segregation As racial resentment came to fuel the national Republican party s divisive but effective Southern Strategy the power of the extreme conservatives rooted in Texas only grew Drawing direct lines from Dallas to DC Miller s captivating history offers a fresh understanding of the rise of the new Republican Party and the apocalyptic language conspiracy theories and ideological rigidity that remain potent features of our politics today Well researched and briskly written A timely intelligent and penetrating book *The New York Times Book Review*

Commodity players are a shrewd and indomitable lot And the contracts they trade are still so loosely regulated that the correct combination of money and skill creates irresistible opportunity That s why I m only half joking when I call them the secret club that runs the world When most people think of the drama of global finance they think of stocks and bonds venture capital high tech IPOs and complex mortgagebacked securities But commodities Crude oil and soybeans Copper and wheat What could be more boring That s exactly what the elite commodity traders want you to think They don t seek the media spotlight They don t want to be as famous as Warren Buffett or Bill Gross Their astonishing wealth was created in near total obscurity because they dwelled either in closely held private companies or deep within large banks and corporations where commodity profits and losses weren t broken out But if the individual participants in the great commodities boom of the 2000s went unnoticed their impact did not Over several years the size of the market exploded and so did prices for raw materials raising serious questions about whether the big traders were intentionally jacking up the cost of gasoline food and other essentials bought by ordinary people around the world What was really driving all those price spikes Now Kate Kelly the bestselling author of *Street Fighters* takes us inside this secretive inner circle that controls so many things we all depend on She gets closer than any previous reporter to understanding these whip smart aggressive and often egomaniacal men yes

they are nearly all men They work hard play hard flaunt their wealth and bet millions every day on a blend of facts analysis and pure gut instinct Kelly s narrative focuses on one of the most extraordinary periods in financial history Though the practice of gaming out price changes in commodities goes back to ancient Mesopotamia it had never before reached the extremes of the early to mid 2000s Kelly exposes the role of the hedge funds banks brokers and regulators in this volatile market through fascinating stories of secret club members such as Pierre Andurand a self made multimillionaire who generated the winningest annual performance ever for an oil trader in 2008 and hired Elton John to perform at his wedding Ivan Glasenberg whose secretive Swiss commodities giant Glencore founded by the infamous American fugitive Marc Rich orchestrated a massive merger with the help of former UK prime minister Tony Blair Jon Ruggles a brash know it all recruited by Delta Air Lines to revitalize the airline s fuel hedging business he continued to make trades in his personal account a questionable practice given his position Drawing on her exclusive access to the secret club and following the trail from New York to Houston London Dubai and beyond Kelly reveals the immense power in the hands of a few and the so far contentious efforts by the Obama administration to rein in the cowboys *Host Bibliographic Record for Boundwith Item Barcode 38888110806340 and Others* ,2013 **Subject Guide to Books in Print** ,1983 **Who's Who in the South and Southwest, 1986-1987** ,1986-08 The Value of a Dollar Scott Derks,2004 This statistical summary presents the history of the Ameri can people through the prices they paid for a wide variety of products and services over the years *Texas Big Rich* Sandy Sheehy,1990 Exploits eccentricities and fabulous fortunes won and lost The Scribner Encyclopedia of American Lives: A-L William L. O'Neill,2003 A two volume biographical resource for key individuals of the 1960s Presents 500 entries describing Americans who defined the decade including politicians athletes entertainers and artists among many others The New Leader ,1981 Who's who in the South and Southwest ,1986 Includes names from the States of Alabama Arkansas the District of Columbia Florida Georgia Kentucky Louisiana Mississippi North Carolina Oklahoma South Carolina Tennessee Texas and Virginia and Puerto Rico and the Virgin Islands Saturday Review ,1981 **The New York Times Book Review** ,1982 Southwestern Historical Quarterly ,2000 **American Business Leaders [2 Volumes]** Neil A. Hamilton,1999-08-17 Contains over four hundred alphabetically arranged articles that provide biographical and career information about prominent American business leaders from throughout history covering a variety of fields including finance banking heavy industry food processing communications computers and entertainment
