mounted Simon started to suffer panic attacks and to drink heavily Nights were the most difficult he would shut his eyes only to be tormented by nightmares about missing young women and schoolboys not much older than his own son whose lives had been devastated He sought help but was encouraged to just go back to work and ended up making four attempts on his own life He was later formally diagnosed with Post Traumatic Stress Disorder and invalidated out of the force In this powerful memoir Simon reveals the details of the cases he worked on how the police force operates and how one man's life can spiral so out of control He is now working to create awareness about PTSD and has written this book to help other sufferers
