Subversion and Scurrility Tim Kirk, 2016-12-05 Gossip rumour scandal and defamation are just some of the popular discourses examined in this collection of essays by an international group of scholars. Featuring research on a wide range of resource materials including political literature, police reports, drama, ballads, contemporary fiction, poetry and caricatures, the volume provides an introduction to the history and sociology of dissent. Each chapter explores instances of subversion and scurrility in a particular historical context. Emphasis is placed on the political culture of early modern Britain where new relationships between the state and society were pioneered. From this base further chapters proceed to discuss manifestations of these relationships in other societies and during other periods. **Subversion and Scurrility** reveals that while the ways in which opposition is expressed are infinitely variable, the impulse to protest is a constant.

Spoken Word and Social Practice, 2015-07-14 Spoken Word and Social Practice: Orality in Europe 1400-1700 addresses historians and literary scholars. It aims to recapture oral culture in a variety of literary and non-literary sources, tracking the echo of women's voices on trial or bantering and gossiping in literary works and recapturing those of princes and magistrates, townsmen, villagers, mariners, bandits and songsmiths. Almost all medieval and early modern writing was marked by the oral. Spoken words and turns of phrase are bedded in writings and the mental habits of a speaking world shaped texts. Writing also shaped speech: the oral and the written zones had a porous, busy boundary. Cross border traffic is central to this study as is the power, range, utility and suppleness of speech. Contributors are Matthias Bähr, Richard Blakemore, Michael Braddick, Rosanna Cantavella, Thomas V. Cohen, Gillian Colclough, Jan Dumolyn, Susana Gala, Pellicer, Jelle Haemers, Marcus Harmes, Elizabeth Horodowich, Carolina Losada, Virginia Reinburg, Anne Regent, Susini, Joseph T. Snow, Sonia Suman, Lesley K. Twomey and Liv Helene Willumsen.

The Making of Revolutionary Paris David Garrioch, 2004-08-16 An unusually compelling work of scholarly synthesis, a history of a city of revolution in a revolutionary century. Garrioch claims that until 1750 Paris remained a city characterized by a powerful sense of hierarchy. From the mid century on, however, and with gathering speed, economic, demographic, political and social change swept the city. Having produced an extremely engaging account of the old corporate society, Garrioch turns to the forces that relentlessly undermined it: John E. Talbott, author of *The Pen and Ink Sailor*; Charles Middleton and the King's Navy 1778-1813. A truly wonderful synthesis of the many historical strands that compose the history of eighteenth century Paris. In rewriting the history of the French Revolution as a more than century long urban metamorphosis, Garrioch makes a brilliant case for the centrality of Paris in the history of France. Bonnie Smith, author of *The Gender of History: Men, Women and Historical Practice*, *Revolutions in the Western World 1775-1825*. Jeremy Black, 2017-07-12 Considering what has been described as an Age of Revolutions, Black assesses a formative period in world history by examining the North American, European, Haitian and Latin American Revolutions. Causes, courses and consequences are all clarified in the articles selected and an introduction charts the major themes.

Architecture, Print

Culture and the Public Sphere in Eighteenth-Century France Richard Wittman, 2007 This book focuses on the complex ways in which architectural practice theory patronage and experience became modern with the rise of a mass public and a reconfigured public sphere between the end of the seventeenth century and the French Revolution Presenting a fresh theoretical orientation and a large body of new primary research this book offers a new cultural history of virtually all the major monuments of eighteenth century Parisian architecture with detailed analyses of the public debates that erupted around such Parisian monuments as the east facade of the Louvre the Place Louis XV the Place de la Concorde and the church of Sainte Genevieve the Pantheon Depicting the passage of architecture into a mediatized public culture as a turning point and interrogating it as a symptom of the distinctly modern configuration of individual society and space that emerged during this period this study will interest readers well beyond the discipline of architectural history

Reading, Writing, and Thinking Paul L. Thomas, Joe Kincheloe, 2006-01-01 In a world gone mad with standardized curricula and the degradation of the profession of teaching P L Thomas and Joe Kincheloe attempt to bring sanity back to the discussion of the teaching of some of the basic features of the educational process In Reading Writing and Thinking The Postformal Basics the authors take on the rational irrationality of current imperial pedagogical practices providing readers with provocative insights into the bizarre assumptions surrounding the contemporary teaching of reading writing and thinking The authors are obsessed with producing an accessible book for multiple audiences parents teachers scholars of education that moves beyond critique to a new domain of the social and educational imagination Readers of Thomas and Kincheloe s book embark on a mind trip beginning with what is and moving to the realm of what could be In this context they introduce readers to a critical theory of thinking postformalism that moves the social and educational conversation to a new terrain of individual and social consciousness Tired of the same educational policies and solutions in the teaching of reading writing and thinking the authors become socio psychic explorers who move readers past the boundaries of contemporary pedagogical perception

Freedom ,1899 If the King Only Knew Lisa Jane Graham, 2000 In May 1758 a bailiff named Jean Moriceau de La Motte was arrested for carrying seditious flyers and uttering mauvais discours against Louis XV When he was questioned at the Bastille over the next several months La Motte was unequivocal in his loyalty to the king but his insistence failed to convince the police and probably hurt his case more than would have a simple admission of guilt He was sentenced to be hanged on the Place de Gr ve after making his amends on the steps of N tre Dame His punishment seemed severe if not unwarranted to an increasingly literate and informed Parisian populace that found censorship hard to support either theoretically or practically in the face of intellectual and cultural changes wrought by the Enlightenment By looking at the police files for cases such as La Motte s Lisa Jane Graham uncovers fascinating clues to the conflicting attitudes of eighteenth century French subjects toward royal authority Individuals like La Motte often failed to see the subversive implications of their words and protested their fidelity to the king in impassioned language The crown s inability or refusal to

accommodate a wider range of political speech turned the opinions of these individuals into bitter grievances and sometimes crimes Ironically the decision to repress seditious speech not only alienated essentially loyal French men and women by marking them as opponents of monarchical authority it strengthened their sense of their own autonomy and legitimacy as social actors The complex and surprising web of motivations lying at the heart of such loyalty as revealed in the police files Graham examines undermines some deeply rooted assumptions about the Enlightenment and its links to modernity Graham's book presents the eighteenth century as the critical historical moment for studying how the premodern virtue of loyalty gave way to new ideas and vocabularies about the relationship between individuals and government If the King Only Knew attests to the powerful emotional and ideological conflicts this difficult transition unleashed The Rise and Fall of the House of Ullstein Herman Ullstein, 1943 The Jewish vice president of the biggest publishing concern in Germany tells his story of why he had to give it up and get out of Hitler's Germany *Professor Smith and His Apologists.
