Surrendering Soul:

Life of a Soul Ram Malik,2022-11-07 The human soul is God miniaturized Soul consciousness is to experience the Divine and it is a part of you which never sleeps never forgets and is eternal The soul in this profundity has a likeliness and nearness to God The soul is the energy of universal love wisdom and compassion Souls are an expression of beauty imagination and creativity Rig Veda speaks of soul and God as two birds of beautiful wings friends by nature who are perched on the same twig of a tree You are neither body nor living being but Almighty Himself We are spiritual beings with human experience and not human beings with spiritual experience Matter body and souls although as real as God are dependent on God The soul is placed in the body like a rough diamond and must be polished or the luster of it will not appear If you see the moon you see the beauty of God If you see the sun you see the power of God If you see the mirror you see the best creation of God So choose the best you like the best creation of God The human body created by God in His own image and in His own liking is the jewel of creation and has the capacity to deliver the soul from the cycle of birth and death to a higher level of existence If you install God s image in the temple of your heart and keep His company all the time He does not have to wait to visit you at times of need
