

T

The shifting focus of the Armenian Cause

The issue of the Armenian Genocide did not manifest any regular political expression until the late 1960s. The Armenian Cause, as it has come to be known (*Hai Tahd* in Western Armenian, *Hai Dahit* in Eastern Armenian), followed mass demonstrations in particular in 1965. That was the 50th year marking the arrest of notable Armenians in Istanbul on April 24, which heralded the massacres and deportations that followed

NAREK SEFERIAN,
Researcher

Surprisingly, rather odd place in Yerevan's Soviet Armenia in 1965, running contrary to the anti-national policies of the USSR. It did not take long for communities within the engaged Armenian diaspora to take on the mantle of genocide recognition as their primary cause d'être.¹

At that time, an Armenian genocide was a non-staple in the Turkey's mainstream. No such thing happened, according to the official line. The past Armenian presence in Anatolia and whatever remained of the once-great empire was strongly suppressed. Genocide denial, in fact, encompassed the denial of any Armenian cultural heritage in Turkey. Revisionist nationalism was still the acronym of the craziest, after all -- including for the Armenian population. April 24, 1965, also saw a public event in Istanbul, led by a former parliamentarian of Armenian background, Ben Tazian. On that day, around 25-30 Armenians placed wreaths at the memorial to Atatürk and the revolution in Taksim Square, drawing huge commemorations in communities elsewhere in the

world to "the 50th anniversary of the unpleasant events that took place during Ottoman times."²

Until the 1990s, then, it was recognition and recognition alone that was the primary agenda item for the organized Armenian diaspora. Having authoritative bodies -- most often national legislatures -- pass resolutions recognizing the massacres as a genocide and calling on Turkey to do the same was considered a success for relatively small community groups in which entire operations were often being run by a handful of dedicated, volunteer individuals.

Distinct from parliamentary resolutions, Armenian Studies had begun to grow as a separate discipline in the Western world even before 1965, reaching beyond its niche among scholars of the Near East or Middle East or Oriental Studies.³ Many areas of interest in Armenian Studies later overlapped with Diaspora Studies and, still later, the study of genocide or comparative studies of genocides. Over the course of the past three or four decades, Armenian and Turkish points of view have spread in the academic realm as well, far away from legislatures or desks of high-level officials in capitals around the world.⁴

Another side of the Armenian Cause -- confined to

The Armenian Cause

Michael Gunter

The Armenian Cause:

Vahan Cardashian ,2008 *The Armenian Cause* Yves Ternon,1985 A history of the Armenian Cause with an analysis of its resort to violence as a means of political action in the 1980s **The Armenian Cause in the Light of Historical Facts and International Treaties** Armenian National Council (Egypt),Aleksandr Sarukhan,1946 [For the Armenian Cause](#) Հայկիս Սարգիսյան,2023 **Perseverance** Lawrence Terzian,1990 **The Armenians in History and the Armenian Question** Esat Uras,Cengiz Kürşat,1988 English translation of the revised and expanded 2 edition **The Armenian Genocide & the Armenian Cause Series** ,2006 **Children of Armenia** Michael Bobelian,2009-09-01 An illuminating and powerful chronicle of the historical yet oft forgotten Armenian genocide and its devastating aftermath From 1915 to 1923 the Ottoman Empire drove the Armenians from their ancestral homeland and slaughtered 1 5 million of them in the process While there was an initial global outcry and a movement led by Woodrow Wilson to aid the starving Armenians the promises to hold the perpetrators accountable were never fulfilled In this groundbreaking work Michael Bobelian profiles the leading players Armenian activists and assassins Turkish diplomats U S officials each of whom played a significant role in furthering or opposing the century long Armenian quest for justice in the face of Turkish denial of its crimes and reveals the events that have conspired to eradicate the forgotten Genocide from the world s memory *Armenian History and the Question of Genocide* M. Gunter,2011-05-09 An analysis of the Turkish position regarding the Armenian claims of genocide during World War I and the continuing debate over this issue the author offers an equal examination of each side s historical position The book asks what is genocide and illustrates that although this is a useful concept to describe such evil events as the Jewish Holocaust in World War II and Rwanda in the 1990s the term has also been overused misused and therefore trivialized by many different groups seeking to demonize their antagonists and win sympathetic approbation for them The author includes the Armenians in this category because although as many as 600 000 of them died during World War I it was neither a premeditated policy perpetrated by the Ottoman Turkish government nor an event unilaterally implemented without cause Of course in no way does this excuse the horrible excesses committed by the Turks **The 1915 Armenian Genocide and Legal Paths to Resolution** Rodney Dakessian,2023-08-30 More than one hundred years have already passed since the perpetration of the Armenian Genocide but its effects have never ceased One of the major challenges I encountered during the preparation of this book was introducing a novelty contribution to the Armenian cause and above all a new and innovative solution giving that hundreds and even thousands of books have been written on this subject My primary aim was to seek a solution for the Armenian cause a solution that is based on international law and pursued with objectivity and impartiality The nature of my work resembled the process of discovering a new treatment for a chronic disease In fact the essential issues that I have addressed in my book can be summarized as follows What can be the legal effects of the Armenian Genocide at the level of international law especially since the crime has been committed for a long

time and even before the promulgation of the 1948 convention related to the crime of genocide with regard to the law of treaties and the succession of states in matters of international responsibility Are there still possible legal means to resolve the Armenian question or has it become just a matter of history without any possibility of legal recourse leaving room for political settlement as the only means of resolution Therefore it was necessary to refer to natural law and especially to customary international law the principles of humanity the law of nations and thus the Martens clause Likewise I presented the constituent elements of the crime of genocide and their availability in the case of the 1915 massacres from which it was essential to highlight all the concordant proofs and the progressive recognitions of the existence of the material and intentional element of the crime of genocide in the massacres of 1915 Also it should be mentioned that it was the Ottoman Empire that committed this crime and not present day Turkey which is moreover considered as the successor of the Empire Hence it was also necessary to study the subject of State succession in matters of international responsibility Thus it was necessary to discuss the capacity and standing of Armenia to sue and the legal interest in the right to action for liability under the erga omnes principle since the Armenian State did not exist at the time of the perpetration of the crime It was in 1920 that the Soviet Republic of Armenia was born and in 1991 that Armenia gained its final independence Similarly it was essential to discuss the possible application of the Vienna Convention of November 26 1968 on the Armenian genocide especially that Turkey is not a party to this agreement as well as the application of the aforementioned convention and especially that of 1948 on the crime of genocide in the light of the principle of the non retroactivity of treaties Also I discussed the subject of Turkey s accession to the European Union which surely depends on the Turkish recognition of the Armenian Genocide as well and above all on the Turkish occupation of Northern Cyprus which constitutes one of the thorniest issues raised by the latest enlargement of the European Union On the other hand it was essential to approach the Armenian Azerbaijani conflict and study its effects on the resolution of the Turkish Armenian conflict Moreover it was important to mention the serious failure of international justice towards the Armenian question Finally I elaborated in large part my personal contribution and my perception for the resolution of the Armenian question by presenting the possible solutions as well as the different forms of reparation In the end my hope is for this book to stand as a respectful recognition to the spirits of the martyrs of the Armenian Genocide as well as to the spirits of my ancestors while also representing a serious effort towards addressing the Armenian cause

The Armenian Cause ,1945 Pursuing the Just Cause of Their People Michael Gunter,1986-08-13 The Armenian terrorist movement is the subject of Michael Gunter s analysis Beginning with an introductory overview of recent Armenian terrorist attacks against Turkish diplomats and property and perceived allies of the Turks he then examines historical motivations and goals of the Armenian terrorist movement Although the present wave of Armenian terrorism began only in the 1970s Gunter traces its origins to the late nineteenth and early twentieth centuries He outlines the so called Armenian question which resulted in deportations and massacres of the

Armenians by Turks during World War I and questions where responsibility for the actions and reactions of the period lie Gunter then focuses on the beginnings of the contemporary Armenian terrorism placing special emphasis on the catalytic influence of the Lebanese Civil War and the Palestinian movement Gunter analyzes the two main Armenian terrorist organizations in terms of tactics transnational connections and the question of Turkish harassment and counterterror Finally he draws conclusions and makes recommendations for beginning a process which might eventually terminate this dangerous and destructive state of affairs *Turkey and the Armenian Atrocities; a Reign of Terror* Edwin Munsell Bliss,1896 **The Armenian Review**,1981 **The Armenian Church Founded by St. Gregory the Illuminator. Being a Sketch of the History, Liturgy, Doctrine, and Ceremonies of this Ancient National Church ... With an Appendix by S. C. Malan ... With Etchings [by the Author.]** Edward Francis Knottesford FORTESCUE,1872 **Why Armenia Should Be Free: Armenia's Rôle in the Present War** Armen Garo,2019-12-19 In *Why Armenia Should Be Free* Armenia's Rôle in the Present War Armen Garo presents a compelling analysis of Armenia's geopolitical position amidst contemporary conflicts Garo employs a blend of historical context and political critique illustrating how Armenia's struggles reflect broader themes of self determination and national identity His literary style is both incisive and evocative weaving together personal narratives and scholarly research creating a narrative that is not only informative but also emotionally resonant The book situates Armenia's plight within the framework of global politics and highlights the urgent need for recognition and independence Armen Garo a passionate advocate for Armenian rights draws upon his own experiences and historical knowledge to illuminate the complexities surrounding Armenia's current situation His engagement with Armenian history and diaspora issues informs his perspective and lends credibility to his arguments Garo's commitment to the cause of freedom for Armenia is evident underscoring his motivation to educate readers about the pivotal role of Armenia in ongoing conflicts This book is essential for anyone interested in understanding the intricacies of Armenia's socio political landscape Garo's meticulous research combined with his impassioned writing makes a persuasive case for Armenia's autonomy and relevance in today's world *Why Armenia Should Be Free* is a vital resource for scholars policymakers and anyone who believes in the power of self determination **The Case for the Armenians** Francis Seymour Stevenson,1893 **The Armenian Genocide** Nikolai Oganessian,2002 *The British Empire and the Armenian Genocide* Michelle Tusan,2017-02-28 An estimated one million Armenians were killed in the dying days of the Ottoman Empire in 1915 Against the backdrop of World War I reports of massacre atrocity genocide and exile sparked the largest global humanitarian response up to that date Britain and its empire the most powerful internationalist institutional force at the time played a key role in determining the global response to these events This book considers the first attempt to intervene on behalf of the victims of the massacres and to prosecute those responsible for crimes against humanity using newly uncovered archival material It looks at those who attempted to stop the violence and to prosecute the Ottoman perpetrators of the atrocities In the process it explores why the

Armenian question emerged as one of the most popular humanitarian causes in British society capturing the imagination of philanthropists politicians and the press For liberals it was seen as the embodiment of the humanitarian ideals espoused by their former leader and four time Prime Minister W E Gladstone For conservatives as articulated most clearly by Winston Churchill it proved a test case for British imperial power In looking at the British response to the events in Anatolia Michelle Tusan provides a new perspective on the genocide and sheds light on one of the first ever international humanitarian campaigns

Illustrated Armenia and the Armenians Ohan Gaidzakian, 1898

The Armenian Cause: Bestsellers in 2023 The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous captivating novels enthralling the hearts of readers worldwide. Lets delve into the realm of popular books, exploring the fascinating narratives that have enthralled audiences this year. The Armenian Cause : Colleen Hoover's "It Ends with Us" This poignant tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover expertly weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can succeed. The Armenian Cause : Taylor Jenkins Reid's "The Seven Husbands of Evelyn Hugo" This spellbinding historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reid's captivating storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. The Armenian Cause : Delia Owens' "Where the Crawdads Sing" This captivating coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens weaves a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These popular novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of engaging stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a masterful and suspenseful novel that will keep you speculating until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
