The Arabs Peter Mansfield, 1985 A Pelican book *Imagining the Arabs* Webb Peter Webb, 2016-05-31 Who are the Arabs When did people begin calling themselves Arabs And what was the Arabs role in the rise of Islam Investigating these core questions about Arab identity and history by marshalling the widest array of Arabic sources employed hitherto and by closely interpreting the evidence with theories of identity and ethnicity *Imagining the Arabs* proposes new answers to the riddle of Arab origins and fundamental reinterpretations of early Islamic history This book reveals that the time honoured stereotypes which depict Arabs as ancient Arabian Bedouin are entirely misleading because the essence of Arab identity was in fact devised by Muslims during the first centuries of Islam Arab identity emerged and evolved as groups imagined new notions of community to suit the radically changing circumstances of life in the early Caliphate The idea of the Arab was a device which Muslims utilised to articulate their communal identity to negotiate post Conquest power relations and to explain the rise of Islam Over Islam's first four centuries political elites genealogists poetry collectors historians and grammarians all participated in a vibrant process of imagining and re imagining Arab identity and history and the sum of their works established a powerful tradition that influences Middle Eastern communities to the present day *The Arabs* Basim Musallam, 1983 *Palestine, the Jews and the Arabs*, 1945 *The Arabs* Jacques Berque, 1964 This book is a watershed in the study of the contemporary Middle East by Western man It is an exciting book but not one to be read quickly and easily It is complex even at times obscure because the Middle East is complex and obscure This from the preface the front page of which is one of my uploaded photos

The Arabs Bertram Thomas, 1937 *The Arabs and the English* Sari J. Nasir, 1979 *The Arabs* Philip Khuri Hitti, 1996-10-01 From the ancient cultures of the Middle East have sprung three of the world's major religions outstanding accomplishments in literature and science and seemingly never ending conflict compounded now not only by geopolitics but by the international hunger for oil and the web of global terrorism But who are the Arabs these remarkable people who have accomplished so much and who continue to both fascinate and confront the West Philip K Hitti's eloquent short history is an

This searching study of the Arabs is the work of a well known Swiss writer and broadcaster who has spent a large part of his life among the people of the Middle East and has acquired an intimate knowledge of their language their history and literature their beliefs and their way of life Written with a burning sincerity and based upon a profound understanding of the ideals aspirations and achievements as well as the frailties mistakes and tribulations of a complex people Hottinger's book is without a doubt the most comprehensive and authoritative assessment of Arabism to date It is divided into two main parts The first of these traces the development of the Arab Islamic culture from the poetic tradition of the Beduins through Muhammad the dynasties of the Umayyads and Abbasids to its zenith as heir to the scientific spirit of the Greeks and its subsequent decline from that position The second part of the book discusses the impact upon the Arabs of nineteenth century European civilization and the machine age The author's method here is to let the Arabs speak for themselves in their own words Thus the facts are vividly presented leaving the reader to draw his own conclusions The second part also describes and analyses the political upheavals in the Arab world in recent years and the crises that have accompanied the transition from dependence upon the colonial powers to Arab nationalism in the shadow of the Cold War It thus provides a most telling objective assessment of modern Egypt under Nasser Published under the auspices of the Near Eastern Center University of California Los Angeles This searching study of the Arabs is the work of a well known Swiss writer and broadcaster who has spent a large part of his life among the people of the Middle East and has acquired an intimate knowledge of their language their history and literature Palestine, the Arabs and Israel Henry Cattani,1969 **The Arabs** Maxime Rodinson,1981-07-15 The Arabs is an interpretative essay based upon a great deal of reading and research and like other writings of the author brilliant and insightful Rodinson's response to the question Who are the Arabs traces the career of the Arab people from their first appearance about twenty nine centuries ago up to the present day The purpose of the book is to make the reader aware of an undeniable Arab being of its historic performance and its contemporary situation on the basis of a scientifically careful but sympathetic study and statement Back cover **The Arabs** David Lamb,2011-06-22 The Arabs is widely considered one of the essential books for understanding the Middle East and the peoples who live there David Lamb who spent years as a correspondent in Cairo explores the Arabs religious political and cultural views noting the differences and key similarities between the many segments of the Arab world He explains Arab attitudes and actions toward the West including the growth of terrorism and situates current events in a larger historical backdrop that goes back more than a thousand years Now thoroughly revised and updated The Arabs takes the story up to 2001 Lamb analyzes the developments that led to the attacks on the World Trade Center and the Pentagon and helps the reader to understand how things got to that point A veteran journalist Lamb combines his extensive experience in covering international politics with his deeply
