The Home Front:

The Home Front in Britain Janis Lomas, 2014-10-29 The Home Front in Britain explores the British Home Front in the last 100 years since the outbreak of WW1 Case studies critically analyse the meaning and images of the British home and family in times war challenging prevalent myths of how working and domestic life was shifted by national conflict On the Home Front Kate Darian-Smith, 2009-04-01 What really happened on the Australian home front during the Second World War For the people of Melbourne these were years of social dislocation and increased government interference in all aspects of daily life On the Home Front is the story of their work leisure relationships and their fears for by 1942 the city was pitted with air raid trenches and in the half light of the brownout Melburnians awaited a Japanese invasion As women left the home to replace men in factories and offices the traditional roles of mothers and wives were challenged The presence of thousands of American soldiers in Melbourne raised new questions about Australian nationalism and identity and the carnival spirit of many on the home front created anxiety about the issues of drunkenness gambling and sexuality Kate Darian Smith s classic and evocative study of Melbourne in wartime draws upon the memories of men and women who lived through those turbulent years when society grappled with the tensions between a restrictive government and new opportunities for social and sexual freedoms The Home Front and War in the Twentieth Century Mary Ann Robinson, 1982 *You Choose: World War II on the Home Front* Martin William Gitlin, 2012-03 It s December 1941 The United States has just entered World War II How will you help your country fight for its freedom Will you Help keep the country s economy going as a young mother in the work force Try to fit into society as a wounded African American veteran Help end prejudice against Japanese citizens as a 12 year old California boy The Home Front Margaret Craven, 1981 COLLECTION OF SHORT STORIES BY MARGARET CRAVEN The Civil War in Louisiana: The Home front Arthur W. Bergeron, 2002 Reveals the disparate loyalties and experiences of the peoples of Louisiana during the Civil War Home Front U.S.A. Allan M. Winkler, 1986 **The Homefront** Mark Jonathan Harris, Franklin D. Mitchell, Steven J. Schechter, 1984 Includes primary sources on defense workers women during the war conscientious objectors scrap metal collection and recycling racial issues on the homefront and civil defense *School & Society* James McKeen Cattell, Raymond Walters, 1942 **The Home Front** Louise Armstrong, 1984-08 The Story of Secret Service Richard Wilmer Rowan, 1937 Reasonable Children Michael S. Pritchard, 1996 The public outcry for a return to moral education in our schools has raised more dust than it s dispelled Building upon his provocative ideas in *On Becoming Responsible* Michael Pritchard clears the air with a sensible plan for promoting our children s moral education through the teaching of reasonableness Pritchard contends that children have a definite but frequently untapped capacity for reasonableness and that schools in a democratic society must make the nurturing of that capacity one of their primary aims as fundamental to learning as the development of reading writing and math skills Reasonableness itself he shows can be best cultivated through the practice of philosophical inquiry within a

classroom community In such an environment children learn to work together to listen to one another to build on one another's ideas to probe assumptions and different perspectives and ultimately to think for themselves Advocating approaches to moral education that avoid mindless indoctrination and timid relativism Pritchard neither preaches nor hides behind abstractions He makes liberal use of actual classroom dialogues to illustrate children's remarkable capacity to engage in reasonable conversation about moral concepts involving fairness cheating loyalty truth-telling lying making and keeping promises obedience character and responsibility He also links such discussions to fundamental concerns over law and moral authority the roles of teachers and parents and the relationship between church and state Pritchard draws broadly and deeply from the fields of philosophy and psychology as well as from his own extensive personal experience working with children and teachers The result is a rich and insightful work that provides real hope for the future of our children and their moral education
