Eilenstein,2021-06-03 Astrology is the best known and the most precise oracle system With its help one can create horoscopes describing the character of people companies and events However astrology is not simply a matter of fateful and unintentional imprinting but a recognition of how one is based on the parable of the position of the planets at the time of birth The horoscope describes a person as a play the ascendant is the stage set the planets are the actors the zodiac signs are the roles of the actors the astrological houses are the areas of life in which the actors appear the ego is the director who is responsible for the level of the play and if the director should ever get stuck he can ask the scriptwriter i e the soul for the meaning of this play This book contains all the information necessary for the interpretation of a horoscope but everything in a rather short form because this introduction for beginners should not get 1000 pages

***How to Judge a Nativity: The synthesising of the horoscope*** Alan Leo,1908    ***Astrology through History*** William E. Burns,2018-07-20 Alphabetically arranged entries cover the history of astrology from ancient Mesopotamia to the 21st century In addition to surveying the Western tradition the book explores Islamic Indian East Asian and Mesoamerican astrology The field of astrology is growing rapidly as historians recognize its centrality to the intellectual life of the past and sociologists and anthropologists treat its importance in a number of modern cultures Despite the historical and cultural significance of the subject most reference works on astrology focus on instructional techniques and are written by astrologers with little or no interest in the history of the topic This book instead offers an objective treatment of astrology across world history from ancient Mesopotamia to the present The book provides alphabetically arranged entries by expert contributors writing on such topics as horoscopes court astrologers Renaissance astrology and comets While it considers the Western tradition it also treats Islamic Indian East Asian and Mesoamerican astrology In doing so it explores the role of astrology in shaping science literature religion art and other defining cultural traditions Sidebars offer excerpts from various historical texts while entries provide suggestions for further reading
