## **Supernatural Wisdom From Afar:**

*Five Volumes of Spiritual Wisdom* Philosophical Library, 2012-09-11 A stunning collection of ancient wisdom featuring powerful insights from five of the world's most influential religions. The Wisdom of the Torah is an instruction in the central beliefs of three world religions Judaism, Christianity, and Islam. But by observing the Torah or the Hebrew Bible as a collected work of multiple authors spanning generations, the modern reader can look beyond its fundamental instruction. In these works, readers find many lyrical and timeless reflections on what it means to have faith and to be a member of the human race. The Wisdom of the Talmud presents a thorough history and overview of the Talmud, the rabbinical commentary on the Torah that was developed in the Jewish academies of Palestine and Babylonia. From man's purpose and miracles to marriage and wellness to consciousness and community, the Talmud considers what it means to practice faith on a daily basis and through a changing world. In The Wisdom of the Koran, readers will discover a selection of key chapters such as The Night Journey and The Cave, footnotes to convey context and meaning, as well as several stories from Judeo-Christian history. This invaluable anthology is an excellent step toward greater understanding of one of the finest pieces of Arabic prose and the Muslim faith. The Wisdom of Muhammad is essential reading for anyone who wants to have a true understanding of Islam and offers a compelling examination of the life and sayings of the Prophet. Covering a diverse range of topics from marriage and civic charity to the individual's relationship to God and the afterlife, the Prophet's words dispel misconceptions about the history of the faith, its leader, and its core beliefs. The Wisdom of Buddha, drawn from the sacred books of Buddhism, reveals the insights and beliefs at the heart of the world's fourth largest religion. Covering the birth and death of the Buddha as well as the major tenets of Buddhism, this collection offers a profound view of the Buddhist religion and its founder. These five volumes from Philosophical Library's groundbreaking Wisdom series are available in one volume for the first time.

**The Apocalypse, or, Book of revelations, explained according to the spiritual sense, tr. [by W. Hill] and revised by the translator of Arcana cœlestia [J. Clowes]**. Emanuel Swedenborg, 1815      **The Apocalypse, Or Book of Revelations, Explained According to the Spiritual Sense; in which are Revealed the Arcana which are There Predicted, and Have Been Hitherto Deeply Concealed. Translated Into English from a Latin Posthumous Work of ... Emanuel Swedenborg [by William Hill] and Revised by the Translator of the Arcana Cœlestia [i.e. John Clowes]. (To which is Subjoined a Summary Exposition of the Internal Sense of the Prophetical Books of the Word of the Old Testament, and of the Psalms of David.) [With the Text.]**, 1815      *Love in Interpretation* Bryant K.

Owens,2019-02-28 Dr Bryant K Owens presents the argument of the value of the Christian tradition of caritas or love from the philosophy and the subsequent hermeneutic of Saint Augustine of Hippo 354-430 within contemporary philosophical scholarship Dr Owens's study of Augustine's investigations into biblical interpretation will reveal that he sought the beauty of understanding as evidenced through caritas. The shift in the Western philosophical tradition during the Enlightenment period resulted in a solid break from authority based hermeneutics to the autonomy of the mind. The result was a greater emphasis on the literal meaning of a text as gleaned from the subjective mind of the reader and through grammatical and historical criticism over the spiritual meaning of the text or application of the greater meaning to Christian living. Dr Owens proposes that the benefits of Augustine's caritas as the a priori spirit of the biblical text and the proper application of that spirit in contemporary scholarship should be the epistemological focus of hermeneutics rather than the emphasis on method prevalent from Spinoza to Dilthey. The concluding value from Augustine's hermeneutic is that caritas is a product of understanding while at the same time is the method or means by which caritas is produced. Therefore Augustine's hermeneutic argues that the sense or spirit of Scripture is caritas and is the truth to which all Christian philosophy must cohere.

**The unity and harmony in God's word, as found in the Bible, the world, and man** John Coutts (of Highbury.),1881    *Oriental Religions and Their Relation to Universal Religion* by Samuel Johnson Samuel Johnson,1873

**The Academy and Literature** ,1898    **The Great Search** John Philip Newell,2024-08-20 If I could introduce you to ten amazing people whose influence could transform your life by energizing your spiritual quest they would be the nine visionaries featured in The Great Search plus a tenth John Philip Newell himself. What a treasure this book is! Enthusiastically recommended Brian D McLaren author of Life After Doom. In the great tradition of authors who leave church but remain spiritual such as Barbara Brown Taylor Rob Bell the author of Sacred Earth Sacred Soul forges a new path toward a true spiritual home embracing a deep connection to the natural world. The story of Adam and Eve's fall from innocence in the Garden of Eden is a mythical account of humanity's broken relationship with the divine with Earth and with themselves. In contrast Celtic wisdom is built on a strong bond with Earth. In the prophetic figures that Newell draws from the Garden of Eden represents the inner garden of our souls and the outer garden of Earth which are seen as essentially one. To live in relation to what is deepest in us is to live in relation to the ground from which we and all things have come. Where are we today in relation to our true selves and the sacredness of Earth. And how are we to find our way home again. This life affirming nourishing book contemplates these questions at a moment of great spiritual awakening an era characterized by religious exile on a vast scale. We need a new sense of home spiritually deeply rooted within ourselves and in our shared journey with each other and Earth.    *Oriental Religions and Their Relation to Universal Religion* Samuel Johnson,1872
