National Book Award Winner The fascinating forgotten story of the 1970s attempt to build a city dedicated to racial equality  
in the heart of Klan Country In 1969 with America's cities in turmoil and racial tensions high civil rights leader Floyd  
McKissick announced an audacious plan he would build a new city in rural North Carolina open to all but intended primarily  
to benefit Black people Named Soul City the community secured funding from the Nixon administration planning help from  
Harvard and the University of North Carolina and endorsements from the New York Times and the Today show Before long  
the brand new settlement built on a former slave plantation had roads houses a health care center and an industrial plant By  
the year 2000 projections said Soul City would have fifty thousand residents But the utopian vision was not to be The race  
baiting Jesse Helms newly elected as senator from North Carolina swore to stop government spending on the project  
Meanwhile the liberal Raleigh News Observer mistakenly claimed fraud and corruption in the construction effort Battered  
from the left and the right Soul City was shut down after just a decade Today it is a ghost town and its industrial plant  
erected to promote Black economic freedom has been converted into a prison In a gripping poignant narrative acclaimed  
author Thomas Healy resurrects this forgotten saga of race capitalism and the struggle for equality Was it an impossible  
dream from the beginning Or a brilliant idea thwarted by prejudice and ignorance And how might America be different today  
if Soul City had been allowed to succeed    **The British Library General Catalogue of Printed Books to 1975** British
