Usui, 2014-03-05 This book explores the development in Japan throughout the twentieth century of marketing and consumerism It shows how Japan had a long established indigenous traditional approach to marketing separate from Western approaches to marketing and discusses how the Japanese approach to marketing was applied in the form of new marketing activities which responding to changing patterns of consumption contributed considerably to Japan s economic success The book concludes with a discussion of how Japanese approach to marketing is likely to develop at a time when globalisation and international marketing are having an increasing impact in Japan **Marketing Science Fictions** Robert

Cluley, 2024-12-19 This book explores data science in practice through an ethnographic study at a global marketing technology and research firm The book shows that while businesses have embraced data science methods to understand markets and consumers in practice they produce too much information Consequently they must be combined with creative practices that simplify and make sense of analytics Cluley shows that in the age of data science business is increasingly artistic In this case marketing science is more like marketing science fiction This is essential reading for understanding contemporary data driven business and marketing as well as social and economic relations in the age of surveillance capitalism with lessons for academics and students of marketing technology and data science **Sports Marketing** Sam

Fullerton, 2021-10-15 Formerly published by Chicago Business Press now published by Sage Sports Marketing Fourth Edition guides students in gaining a better understanding of how to develop and implement marketing strategies and tactics within the sports marketing industry Author Sam Fullerton provides thorough coverage of this discipline s two broad perspectives the marketing of sports products and creating a sports platform as the foundation for the marketing of nonsports products
