Super Word Find Fun:

SUPERB WORD-FIND PUZZLES, 1999 *Word Search Puzzles to Keep You Sharp* Mark Danna, 2003-09 You'll need an eagle eye to complete these 60 challenging themed word searches. White on Schedule contains words of things that are white such as mashed potatoes and underwear. Some of the grids break out of the traditional box. Off and Running is shaped like a horse and contains references to horse racing while Give me a Break is mug shaped with words and phrases associated with coffee. There are puzzles to challenge your thinking skills. To complete Bad Ideas for Movie Sequels you'll need your knowledge of movies as well as your sense of humor and for Abbreviations you'll need to decipher abbreviations to come up with the word list. In Black Hole puzzles the letters in the center of the grid are missing and once you've figured out what they are they'll spell out a quip. A fun way to sharpen your powers of observation.

Word Searches For Dummies Denise Sutherland, 2009-05-11 A travel friendly puzzle packed book that keeps the brain in shape. One of the best ways to exercise the mind is through word and logic games like word searches and Sudoku. Studies have shown that doing word searches frequently can help prevent diseases like Alzheimer's and dementia. Word Searches For Dummies is a great way to strengthen the mind and keep the brain active plus it's just plain fun. This unique guide features several different types of word searches that take readers beyond simply circling the answer: secret shape word searches, story word searches, listless word searches, winding words, quiz word searches and more. It provides a large number of puzzles at different levels that will both test and exercise the mind while keeping the reader entertained for hours.

Wacky-Shaped Word Search Puzzles to Keep You Sharp Mark Danna, 2004-03 What makes this collection of mind boggling word search puzzles unlike any other? The shapes of each and every puzzle can be downright wacky at times. Instead of looking for hidden words in a jumble of letters that usually comes in a ho-hum square or rectangle, the words in these grids form distinctive picture outlines that are directly related to the puzzle's themes. You get a grid in the shape of a charging bull, for example, in a puzzle about the stock market. There are 58 word searches in all and each one is fun and challenging as well as a little different. Book jacket.
