director gets the ax and Charlie's mother is the prime suspect. Between doing lunches making deals and being a full time single mom Hollywood literary agent and part time psychic Charlie Greene doesn't have time to solve crimes. But when the number one suspect in the murder of schlock horror director Gordon Cabot is her menopausal mother Charlie suddenly finds herself a major player in a real life movie more shocking than any screenwriter could have dreamed up. Cabot's callous disregard for the teeming plant life and critters serving as extras in his overbudget new film has made him plenty of enemies including Charlie's mother a biology professor specializing in rodents of the high desert plateau. In spite of their volatile relationship Charlie's certain that her mother's hot flashes have nothing to do with the corpse chilling out in this remote stretch of Utah desert and to clear her mom's name Charlie teams up with swoonworthy superstar environmentalist Mitch Hilsten. Amid warring film crews wild cliff glides and fears that Charlie's agency is going under she and Mitch race to catch a cunning killer of the lethal two legged variety in this electrifying novel

**Cowboys and Indians** Keith G. Laufenberg, 2014-01-11 Cowboys and Indians is a look back into history and it explores the entire continent of America which was originally inhabited by Native Americans none of whom had or have ever any familial ties to Amerigo Vespucci the Italian explorer who was said to have discovered America. The theme throughout is the undeniable fact that the earth upon which we all live is being systematically strangled drilled poisoned beaten and bartered to death. The undeniable truth shows us that the European immigrants had a philosophical difference with the Native Americans that they encountered living on the shores that they invaded and vanquished and always with the same thought in mind to steal the land from the ignorant Indians ignorant because they showed no knowledge of the financial worth of the land the minerals inside of it and the animals living upon it. In *The Good Father* we see that in fact the Immigrants actually have at least one who the Indians Native Americans can agree with and get along with. A Jesuit Priest named Pierre DeSmet who had come to America as a missionary. The Indians did not understand why the missionaries who preached to them about a man who

walked the earth many moons ago was to be revered as God when they themselves the missionaries did not act as they claimed their God man had told them to But then they found out that DeSmet who all the tribes took to calling the Good Father was not anything like the others because he did not covet land or women or gold and silver or drink whiskey but devoted himself to spreading the gospel of peace and love and the name of Jesus Christ and his teachings He knew the Indians believed in spirits and he preached to them about the Holy Spirit and they told him about the Great Spirit If you enjoy historical truths seen through the eyes of both sides you will enjoy all twenty of these stories     **Legends' Lair** Joe
