**Marsilio Ficino and His World** Sophia Howlett,2016-08-27 This book makes the case for Marsilio Ficino a Renaissance philosopher and

priest as a canonical thinker and provides an introduction for a broad audience Sophia Howlett examines him as part of the milieu of Renaissance Florence part of a history of Platonic philosophy and as a key figure in the ongoing crisis between classical revivalism and Christian belief The author discusses Ficino s vision of a Platonic Christian universe with multiple worlds inhabited by angels daemons and pagan gods as well as our own distinctive role within that universe climbing the heights to talk with angels yet constantly confused by the evidence of our own senses Ficino as the new Socrates suggests to us that by changing ourselves we can change our world

**Greek Scholars between East and West in the Fifteenth Century**

John Monfasani,2023-05-31 Although the immense importance for the Renaissance of Greek migrants to fifteenth century Italy has long been recognized much basic research on the phenomenon remains to be done This new volume by John Monfasani gathers together fourteen studies filling in some of the gaps in our knowledge The philosophers George Gemistus Pletho and George Amiroutzes the great churchman Cardinal Bessarion and the famous humanists George of Trebizond and Theodore Gaza are the subjects of some of the articles Other articles treat the migrants as a group within the wider frame of contemporary issues such as humanism the theological debate between the Orthodox and Roman Catholics and the process of translating Greek texts into Latin Furthermore some notable Latin figures also enter into several of the articles in a detailed way specifically Nicholas of Cusa Niccol Perotti and Pietro Balbi

**The Concept of Woman** Prudence Allen,2006-01-26 The culmination of a lifetime s scholarly work this study by Sister Prudence Allen traces the concept of woman in relation to man in Western thought from ancient times to the present This volume is the second in her study in which she explores claims about sex and gender identity in the works of over fifty philosophers both men and women in the late medieval and early Renaissance periods

**Sebastiano del Piombo and the World of Spanish Rome**

Piers Baker-Bates,2017-07-05 Sebastiano del Piombo c 1485 1547 was a close associate and rival of the central artistic figures of the High Renaissance notably Michelangelo and Raphael After the death of Raphael and the departure of Michelangelo from Rome Sebastiano became the dominant artistic personality in the city Despite being one of most significant artistic figures of the period he remains the last artist of major importance in the western canon about whom no recent work has been published in English In this study Piers Baker Bates approaches Sebastiano s career through analysis of the patrons he attracted following his arrival at Rome The first half of the book concentrates on Sebastiano s

network of patrons predominantly Italian who had strong factional ties to the Imperial camp the second half discusses Sebastiano's relationship with his principal Spanish patrons. Sebastiano is a leading example of a transcultural artist in the sixteenth century and his relationship with Spain was fundamental to the development of his career. The author investigates the domination of Sebastiano's career by patrons who had geographically different origins but who were all members of a wider network of Imperial loyalties. Thus Baker Bates removes Sebastiano from the shadow of his contemporaries bringing him to life for the reader as an artistic personality in his own right. Baker Bates' characterization of the Rome in which Sebastiano made his career differs from previous scholarly accounts and he describes how Sebastiano was ideally suited to flourish in the environment he depicts. Sebastiano del Piombo and the World of Spanish Rome thus re-appraises not only Sebastiano's place in the canon of Renaissance art but using him as a lens also the cultural worlds of Early Modern Italy and Spain in which he operated.

Annus Platonicus Godefroid de Callataÿ, 1996    *Plato's Third Eye*

Michael J. B. Allen, 1995 Marsilio Ficino 1433-1499 was one of the luminaries of the Florentine Renaissance and the scholar responsible for the revival of Platonism. The translator and interpreter of the works of both Plato and Plotinus as well as of various Hermetic and Neoplatonic texts. Ficino was also a musician, priest, magus and psychotherapist, an original philosopher and the author of a vast and important correspondence with the intellectual figures of his day including Lorenzo the Magnificent. Professor Allen has become the foremost interpreter of Ficino's metaphysics and mythology and the ancient sources they draw upon and this collection of essays assembles his work on Ficino's complex interrogation of Platonic theology as not only a preparation for Christianity but as an enduring medium for intellectuals to explore and to express Christian truths.
