No Mammo? Rachel Campergue, 2025-07-23 Every year the month of October is decked out in pink with countless posters calling on people to crusade against breast cancer through mammography Why are public health officials doctors associations and laboratories so keen to do this Are women really well informed about the risks they run by undergoing screening And do the promised benefits really exist Rachel Campergue was outraged by gynecologists' obstinacy in forcing her to undergo mammography What she discovered was appalling By infantilizing women public authorities

promote confusion between prevention and screening Doctors do not have adequate knowledge to ensure that the consents they obtain from their patients are indeed informed As for the associations they are the agents of a juicy business that benefits above all the manufacturers of health products The conclusion of this abundant precise and humorous work is without appeal a cancer detected by mammography does not equal a life saved and if you choose to have one every two years do so with full knowledge of the facts     **House documents** ,1883     Health Revelations from Heaven and Earth Tommy Rosa,Stephen Sinatra,2015-10-27 Fifteen years ago Bronx born plumber Tommy Rosa died in a hit and run incident Lying by the road he felt a tug whisking him off into a tunnel of light to meet his Divine Teacher in Heaven After several weeks in a coma Tommy returned to Earth to walk again with a heightened sense of connection to one and all Around the same time Dr Stephen Sinatra an integrative cardiologist was dismantling the prevailing ideas of preventive pharmacology with his holistic approach to treatment In their first encounter Tommy got the intuitive message that Dr Sinatra had an infection in his hip Tommy s insight confirmed Dr Sinatra s own similar thoughts of infection When Tommy shared with Dr Sinatra the divine revelations of healing that he had learned Dr Sinatra was shocked the keys to solving the imbalance of energy that he had identified as the cause of most chronic illness were the same as those Tommy was relating From this intersection of the divine and the scientific Tommy Rosa and Dr Sinatra began writing a prescriptive guide for healthy living In Health Revelations from Heaven and Earth Tommy Rosa reveals the 8 Revelations gleaned from God that will lead you toward revitalized health a newfound sense of purpose and spiritual balance fully corroborated by Dr Sinatra s four decades of medical expertise bringing Heaven and Earth a little bit closer     **Annals of the Royal College of Surgeons of England** ,1998     The Navy List ,1877     Health Revelations from Heaven Tommy Rosa,Stephen Sinatra, M.D.,2017-09-19 In 1999 Bronx born plumber Tommy Rosa died after being the victim of a hit and run incident Lying by the road he felt a tug whisking him off into a tunnel of light He found himself in an indescribably beautiful place filled with a total sense of peace and joy Tommy met his Divine Teacher and received a series of profound lessons Eight Revelations about the nature of health healing and well being He was shown that God created the Earth to nourish and heal mankind and that our sense of separation from each other and the divine is of our own making Around the same time integrative cardiologist Dr Stephen Sinatra was revolutionizing his medical practice with a holistic approach to treatment When a chance meeting brought the two men together they gradually came to realize that the revelations of healing from Tommy s Teacher aligned with the groundbreaking results Dr Sinatra was seeing in his own scientific research Health Revelations from Heaven combines Dr Sinatra s practices with Tommy s Revelations to lead you toward revitalized health a newfound sense of purpose and spiritual balance Fully corroborated by Dr Sinatra s four decades of medical expertise these stories and practices can bring the gifts of Heaven and Earth into everyday life     The Agricultural Journal of the Cape of Good Hope Cape of Good Hope (Colony).
