Poison Reality Lord M. Shaheed Aadam, 2009-04-20 Poison Reality America faces its toughest decisions America has now had its first Black President Woman President and many other different ethnic groups However Americans has had it with politics and have decided to elect its first Monarch to begin its Kingdom After battling for freedom over 300 years ago from a Monarch the people have discovered that having a Head of State is essential in handling all affairs There are several Royal families that are residing within the future Kingdom of America One of the ruling families Luqman is dominating the world of finance NO one over the world can operate without their say so HRH His Royal Highness Mikail Luqman is the head of this ruling family He and his 3 siblings set off on a mission to be on the top in the financial world As HRH Mikail sets out on projects to build various real estates over the world he makes a deal with the American government that allows him to be super rich beyond his wildest dreams and provides the main avenue for America to never go into the red again Its a deal that allows his family to rule for decades Baroness Jamella Luqman has an affair with a Saudi Royal where she uses her ways to get what she want but this comes with a price People are jealous of this ruling family and people in Corporate America want to know how they rule for so long and what they are doing So they send in one of their own who ends up becoming a Luqman With twists and tails of deceit it is really hard to know who trusts who in this story And Lord Nelda has a few decendants where one of them fights for reparations for Black people in America A Muslim of Jewish descent travels to England and requests for reparations from them where it has an effect on America However this turns out to be more than what he expects
