## **The Crystal Child:**

**The Crystal Children** Doreen Virtue,2003-06-01 Crystal Children reflect the new generation that has come to the Earth plane after the Indigo Children They are approximately ages 0 through 5 although some members of the first wave of Crystal Children are as old as 7 These children are like Indigos highly psychic and sensitive but without the dark edge and the anger energy The term Crystal Children is already taking hold worldwide and people everywhere are talking about these special kids Since Doreen is the only researcher who is publicly giving speeches on the subject her audiences have been asking her for a book on the topic It s a natural sequel to her book The Care and Feeding of Indigo Children As babies Crystal Children may take longer than normal to begin talking They are highly telepathic and their tuned in mothers communicate with them nonverbally Because they re so sensitive the Crystal Children babies may fuss and cry a lot in crowded places They re also very fond of nature Doreen once watched one Crystal Child walk from tree to tree giving each one a big hug Crystal Children are beautiful inside and out like magnificent little high priests and priestesses One look in their eyes and you ll recognize Divine love and wisdom Their auras are bright radiant and opalescent they seem to glow from the inside They talk about past lives distant galaxies and profound insights concerning peace and love Most Crystal Children s parents are aware that their kids are special and they re thrilled to be parenting such delightful children The book includes many interviews with Crystal Children their parents and teachers It discusses parenting and teaching methods that are essential to keeping these children happy and healthy and how to avoid pitfalls that could spoil their special gifts    [The Crystal Child](#) Elias J.

Connor,2025    **Balance on All Levels with the Crystal and Indigo Energy** Anni Sennov,2012-04 Balance on All Levels with the Crystal and Indigo Energy is a combined and updated version of Anni Sennov s two books Balance on All Levels from 2002 and Crystal Children Indigo Children and Adults of the Future from 2004 The book gives you a good all round insight into what it means to be a New Time Indigo and Crystal child person and how the Indigo and Crystal energy now and in the future will affect everyone s life life values and daily existence on this Earth All children born between 1995 and 2003 were born as pure Indigo people In the period 2004 2008 all children were born with a mixed Indigo and Crystal aura and all children born in the period 2009 2012 are pure Crystal individuals with both a Crystal aura and a Crystal body From 2013 pure Crystal people are born who in addition to having a Crystal aura and body are crystallized in their network energy It is thus clear to everyone that New Time children will continue to be born in the future with further upgrades in their energy structure However for adults born before 1987 and partly for those born in the period 1987 1994 the New Time energy does not appear by itself It must be chosen consciously which can be achieved for instance by an Aura Transformation which is a permanent and radical expansion of your personal consciousness giving you more radiance drive and intuition and also

helping you to better define yourself as a person It is a condition of being aura transformed that you read this book so that you are fully informed and aware of the effect of integrating the New Time energy into your aura Crystal Children, Indigo

always known she was different The pendant she wears cracked crystal pulsing with quiet light beats in rhythm with something older than the world itself When it begins to glow it draws the attention of a secret agency determined to claim her and of the ethereal beings that once cast her kind across the stars Trapped in a rusting watchtower as the storm tears open the sky Mara will do anything to protect her daughter Around them gather soldiers machines and forces no human language can contain Between lightning and silence Elara stands as the hinge between two realities one breaking apart the other clawing to be reborn To save both worlds she must choose which part of herself to surrender and which to set free The Crystal Child is a haunting emotional journey through faith fear and the thin bright line between heaven and earth a story of family sacrifice and the light that refuses to die **Crystal Children** Greg,1998 *Discover Your Baby's Spirit* Margaret

remember the night of snow and moonlight when first they brought the Little Playmate home I had been sleeping a sturdy well grown fellow I ten years or so as to my age in a stomacher of blanket and a bed gown my mother had made me before she died at the beginning of the cold weather Suddenly something awoke me out of my sleep So all in the sharp chill of the night I got out of my bed sitting on the edge with my legs dangling and looked curiously at the bright streams of moonlight which crossed the wooden floor of my garret I thought if only I could swim straight up one of them as the motes did in the sunshine I should be sure to come in time to the place where my mother was the place where all the pretty white things came from the sunshine the moonshine the starshine and the snow Come down and be killed foul brood of the Red Axe the children cried And with that they ran as near as they dared and spat on the wall of our house or at least on the little wooden panel which opened inward in the great trebly spiked iron door of the Duke s courtyard The Child's Book of Nature
