The Meadowlark's Song Phyllis Amoth Dirks, 2005-03-14 Only in this generation had Albert and his family been Mennonites Sometimes they struggled with the tenets of this new faith far more restrictive than the Lutheranism of their early years Along with the stresses of adhering to this new way of life one that effectively cut them off from communication even with close relatives who lived nearby was the added struggle of living through the years of the Dustbowl when for all who lived on farms through those times the wolf of poverty was always at the door Ultimately the decision of the family to leave the land of the beloved family homestead was made both harder and easier by the economic realities of that historic time

Oneida Iroquois Folklore, Myth, and History Anthony Wonderley, 2004-12-01 This is the first major book to explore uniquely Haudenosaunee Iroquois and specifically Oneida components in the Native American oral narrative as it existed around 1900 Even as Anthony Wonderley studies time honored themes and such stories as the Haudenosaunee account of creation he breaks new ground examining links between legend history and everyday life Wonderley examines how oral traditions are born and develop Uncovering tales told over the course of 400 years Wonderley further defines and considers endurance and sequence in oral narratives and explores possible links between Oneida folklore and material culture Arguably the most complete study of its kind the book will appeal to a wide range of professional disciplines from anthropology history and folklore to religion and Native American studies

Living Like You Mean It Ronald J. Frederick, 2009-03-11 In LIVING LIKE YOU MEAN IT author Ronald J Frederick does a brilliant job of describing why people are so afraid of their emotions and how this fear creates a variety of problems in their lives While the problems are different the underlying issue is often the same At the core of their distress is what Dr Frederick refers to as feelings phobia Whether it s the experience of love joy anger sadness or surprise our inborn ability to be a fully feeling person has been hijacked by fear and it s fear that s keeping us from a better life The book begins with a questionnaire style list that help readers take an honest look at themselves and recognize whether and how they are afraid of their feelings It then moves on to explore the origins of fear of feeling and introduces a four part program for overcoming the fear 1 Become aware of and learn to recognize feelings anger sadness joy love fear guilt shame surprise disgust 2 Master techniques for taming the fear 3 Let the feeling work its way all the way through to its resolution 4 Open up and put those feelings into words and communicate them confidently With wisdom humor and compassion the book uses stories and examples to help readers see that overcoming feelings phobia is the key to a better life and more fulfilling relationships
